# BACKS UP FRANCE.

## *Britain Has Given Gaul Courage.*

### *Ministry at Paris Now Firm to Resist Anything Like Coercion.*

### *Even Russia Would Hasten to Make Peace in Order to Fight Germany.*

### *Sultan Makes Concession to German Company—The Kaiser's Reply.*

[BY DIRECT WIRE TO THE TIMES.]

LONDON, June 25.—[Exclusive Dispatch.] European diplomacy talks of nothing else for the moment but the crisis over the attitude of the German Emperor in Morocco affairs. The early part of last week, France was in somewhat of a panic over the fear of invasion and the ministry was somewhat inclined to surrender to German demands, rather than risk the danger of such a calamity, but a great change has taken place, and the French ministry, backed by some power not yet revealed, but known to be Great Britain, is now firm to resist anything that would hint at coercion and to yield to which would weaken French prestige throughout Europe.

France has been undeceived about Germany's assurances that England was endeavoring to use her as a cat's paw and create dissension between Germany and the republic. So powerful were the German arguments, that Great Britain was forced to meet them in no half-hearted way, and France was given to understand that the whole power of the British navy and army would be behind her, if necessary, to resist anything like impudent coercion by Germany.

France has not relinquished her disposition to conciliate Germany, but conciliation now will be only along lines which will not, in the slightest, give rise to the suspicion that France fears German batallions. The definite rights secured in Morocco by agreement with Great Britain and Spain will not be relinquished, so the question of peace or war has been put squarely up to Emperor William. But he has been given to understand that, notwithstanding the collapse of Russia, France will have a far stronger ally in Great Britain, should he force a conflict.

England does not believe the Kaiser will risk war, and France is now inclined to agree. Russia, in her hour of weakness would hasten peace with Japan, to turn upon the Kaiser in the event the Emperor should rashly decide to fight.

CONCESSION TO GERMANS.

[BY THE ASSOCIATED PRESS—P.M.]

LONDON, June 26.—The correspondent of the Daily Chronicle at Tangier, says it is reported that the Sultan of Morocco has granted a concession for a port at Azerud, at the mouth of the Wadi-El-Kus River, on the Algerian frontier, to a German company.

GERMAN REPLY AWAITED.

[BY THE ASSOCIATED PRESS—P.M.]

PARIS, June 25.—Speculation is rife regarding the probable purport of Germany's reply to the French note regarding the proposed international conference over Moroccan affairs. The statement that Germany would refrain from replying before further verbal explanations took place between Premier Rouvier and Prince von Radolin, the German Ambassador, is not regarded seriously in well-informed circles. It is alleged that the contents of the reply was given out today, in which Germany requests a clearer statement of the French programme for Moroccan affairs, suggesting that each subject be discussed separately, in accordance with the terms of the Madrid convention, the two points principally referred to between coast trading frontiers, and that should France accept, Germany would abandon the idea of the conference. This, however, is regarded as a surmise.

CRUISER INJURES STEAMER.

FERROL (Spain) June 25.—The British cruiser Carnavon ran down the North German Lloyd steamer Coblenz, in a dense fog at 4 o'clock this morning off Cape Prior, on the northwest coast of Spain, ten miles from Ferrol. The Coblenz was badly damaged and sprang a leak. The passengers were transferred to the cruiser, which towed the liner here. The injury to the cruiser was trifling, but the Coblenz will have to go into drydock.

INVITED TO AUSTRALIA.

**Secretary Taft and Family and Miss Roosevelt Assured by Government of a Cordial Welcome.**

[BY THE ASSOCIATED PRESS—P.M.]

MELBOURNE, June 25.—[By Australian Cable.] The Commonwealth government has decided to invite Secretary of War Taft and members of his family and Miss Roosevelt to extend their tour from the Philippines to Australia. Assurance is given that the Secretary and his party will be cordially welcomed by all classes.

# HEAVY LOSSES DUE TO FIRES.

OVER HALF A MILLION DAMAGES AT NASHVILLE.

**Flames Start in the Palace Department Store—Conflagration in the Wholesale District at Cincinnati. Willard Storage Battery Company's Building Gutted.**

[BY THE ASSOCIATED PRESS—P.M.]

NASHVILLE, June 25.—Fire in the retail shopping district caused damage estimated at between $500,000 and $600,000. The flames were located in the Palace, a big department store on the southwest corner of Fifth avenue and Union street.

The fire spread rapidly, and when it was placed under control the following damage had been done:

The Palace, occupied by Morris Brothers, wholesale and retail millinery, and the Jacobus, owned by Norman Kirkman, burned.

The Manx, six-story building, occupied by Nashville Dry Goods Company, owned by Norman Kirkman, burned.

Two three-story buildings being fitted up for Kress & Co., owned by Browne heirs, wrecked by falling walls and burned.

Others who sustained losses are Wright Brothers, decorators Cash Grocery store, R. W. Turner; Cumberland Baking Powder Company and Alfred Steam Dye Works.

FIRE AT CLEVELAND. IN WHOLESALE DISTRICT.

[BY THE ASSOCIATED PRESS—P.M.]

CLEVELAND (O.) June 26.—Fire broke out shortly before 2 o'clock this morning in the part of the wholesale district at the southwest corner of St. Clair street and North Water street, completely gutting the Willard Storage Battery Company's building, doing $50,000 damage. Fairbanks, Morse and Company's building is also on fire, and unless checked shortly, a fierce conflagration will ensue.

UTAH MOUNTAIN FIRE. SWEEPS OVER FIVE MILES.

[BY THE ASSOCIATED PRESS—P.M.]

OGDEN (Utah) June 26.—A mountain fire which, early this morning, was not yet under control, started from an unknown cause five miles north of here yesterday afternoon. With a frontage of over a mile, the fire has traversed five miles of territory, destroying fences, fruit crops and haystacks. Hundreds of men are endeavoring to keep the fire's path clear from the scattered dwellings in the vicinity.

The powder magazine of Browning Brothers' gun factory was directly in the path of the fire, and was only saved by strenuous efforts. The wires of the Telluride Power Company were burned out, and those supplying power to Ogden and Salt Lake had a narrow escape. Had the wind been in a slightly different direction, the residence portion of North Ogden would have been invaded. No estimate of the damage has yet been made.

ROUNDHOUSE BURNED.

[BY THE ASSOCIATED PRESS—P.M.]

SALT LAKE, June 26.—A special to the Tribune from Evanston, Wyo., says that the Union Pacific roundhouse there was destroyed by fire at an early hour this morning, entailing a loss of $75,000. Five locomotives are reported to have been destroyed, one of them being blown up by an explosion of oil. The origin of the fire is not stated.

"BAD SORT" AMERICANS.

**Invasion of London by Tourists is Accompanied by Inundation of New World "Sharpers."**

[BY THE ASSOCIATED PRESS—P.M.]

LONDON, June 25.—[By Atlantic Cable.] During the past week, the American invasion of London has surpassed previous records. Every hotel is crowded, and the principal ones are booked far in advance.

With the increasing number of visitors from across the Atlantic have come a great number of suspicious persons who have kept the secret service men busy. An inspector of Scotland Yard said to the Associated Press that he had been compelled to give many of these American suspects orders to leave England, but nevertheless, reports are received daily of operations of confidence men and card sharps.

The inspector pointed out that, previously, American burglars had visited London during the season, but that now there was an inundation of confidence men. Strange to relate, the ivctims in almost every case are Americans, who, it would be supposed, were acquainted with the operations of "sharpers" from their own country. During Ascot week, numerous cases were reported to the police.

THE REVOLT IN RUSSIA.

## *Social Democrats Order Strikes at Lodz and Warsaw Today.*

### *The Red Flag Made Prominent in the Demonstration. General Exodus of Peaceable Classes from Scene of Friday's Slaughter—Prominent Citizens Telegraph to Gen. Shustow for Protection Against Brutal Soldiery.*

[BY THE ASSOCIATED PRESS—P.M.]

LODZ (Russian Poland) June 25.—[By Atlantic Cable.] The most serious phase of the fighting between the military and strikers is at an end, but there are still isolated attacks in the suburbs. At Baluty, this morning, Cossacks attacked a Jewish family of five persons, who were driving in a cab to the railway station, and shot and killed all, including the cabman.

At Pabjanice, near Lodz, workmen attacked two policemen, and shot and killed one and wounded the other.

There is a general exodus from Lodz. Two thousand persons have already left, and all trains are crowded.

During the disturbances ,thirty-five liquor stores were destroyed by the mobs, which appropriated all the cash and stamps found on the premises. The cash and stamps were added to the funds of the Socialist party.

The workmen in all the factories will strike tomorrow. Some prominent citizens this morning telegraphed to Gen. Shustow, commanding the troops here, asking for protection against the brutality of the soldiers, especially the Cossacks, who, in one instance, killed and robbed the servant of a millionaire named Rosenblatt who was carrying $5000 to the bank. The general promised to punish the offenders, but said he required witnesses to testify against the Cossacks.

RED FLAG AT WARSAW. SOCIALISTS CALL A STRIKE.

[BY THE ASSOCIATED PRESS—P.M.]

WARSAW, June 25.—[By Atlantic Cable.] The proclamation issued yesterday by the Social Democratic party of Poland and Lithuania, calling out workmen as a protest against the Lodz massacre, declares that, in order to show the solidarity of their brethren and to protest against "the new and incessant crimes of the Emperor's government," all Warsaw must stop work tomorrow.

The proclamation orders that not a single factory or workshop shall be operated, and that offices, shops, restaurants and coffee houses must close and all traffic must cease. It says that the red flag, the flag of the working men, must float in the streets of Warsaw, and calls upon all workmen to help their brothers arrange a general strike.

The militaryis patroling the streets in the factory and Jewish districts tonight.

In the suburb of Praga, today, workmen shot and wounded two policemen. In Ogrodowa street there was an encounter between gendarmerie and a crowd, and shots were fired on both sides. Three civilians and one gendarme were wounded. In other streets processions of workmen were dispersed.

AT ST. PETERSBURG. NEWS IS SUPPRESSED.

[BY THE ASSOCIATED PRESS—P.M.]

ST. PETERSBURG, June 26, 3:35 a. m.—[By Atlantic Cable.] Beyond the bare announcement that firing was again heard Saturday night, in the Jewish quarter at Lodz, and that the Jews are leaving the city in great numbers, there is almost nothing known about the situation at Lodz, and the developments of Saturday and Sunday. Even an adequate estimate of the magnitude of Friday's fierce struggle in the streets and the extent of the casualties cannot be obtained here, as practically all telegrams except brief and unsatisfactory messages to the agencies are held up by the internal censorship. The newspapers are without information, and Gen. Trepoff's adjutant told the Associated Press that the Chancellorie of Police had nothing to communicate. Ambassador Meyer is also without news, though American consuls are under orders to telegraph immediately happenings of importance in their district.

The lack of information prevented any manifestation of feeling on the part of the workmen of St. Petersburg, many of whom are in sympathy with social revolutionary doctrines, and for the same reason there is little discussion in the clubs and cafés, most of the people not being aware that anything unusual is happening in Poland.

When the details become known, it may be expected that the news will create the greatest depression on all industrial sections of Russia and bring about disorders which would be particularly unfortunate, coming just at this juncture, when the government is bending every effort to induce the people to be patient and to await the issuance of a ukase announcing the convocation of a national assembly, the proclamation regarding which cannot be delayed long. The date for the convocation was some time ago tentatively fixed for June 25, but the final revision of the project is taking longer than had been expected, and the ukase will probably have to be postponed.

In Poland itself, the events at Lodz may initiate an era of open resistance to the troops, lasting for months. Besides, Lodz, Warsaw, Kalisch, Petrakovk, and other manufacturing centers, have been on the verge of anarchy for several months and disturbance similar to those at Lodz on a greater or smaller scale are to be feared, wherever and whenever military conditions give the slightest encouragement.

RUSSIA'S PEACE PEOPLE.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, June 25.—It is reported unofficially that the President late tonight was informed by Mr. Meyer, the American Ambassador at St. Petersburg, of the selection of the Russian peace plenipotentiaries.

VON STERNBURG CALLS.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, June 25.—At the request of the President, Baron von Sternburg called at the White House at 9 p.m. and remained with the President for more than an hour. His visit was the only outward sign of activity in the peace negotiations.

So far as Japan's plenipotentiaries are concerned, the President will be able to announce them as soon as he receives the names of the Russian envoys. That Mr. Takahira, the Japanese Minister may be one of them, in case there are three, as already stated, is the belief of more than one Ambassador in the corps, but official confirmation of this is, of course, withheld at the Japanese Legation.

It i believed that Morocco wa also the subject of discussion at tonight's conference between the President and the German Ambassador. The Washington government, it is pointed out, is aware that Germany does not wish or contemplate war with France, and the officials here believe there is no reason why an agreement should not be reached after friendly, though tedious negotiations.

# JAPANESE FIGHTERS STORMING THE HILLS.

[BY THE ASSOCIA TED PRESS—P.M.]

TOKIO, June 25, 3 p.m.—[By Asiatic Cable.] The following official dispatch has been received from the Japanese army headquarters in Manchuria:

"The enemy holding the northwest eminence of Manchenzou was attacked and dislodged in the afternoon of June 22, but a portion of them holding the hills to the west offered stubborn resistance, and the hills were finally taken by assault. Another force of the enemy, holding the hills due north, was attacked from the front, and we simultaneously resorted to a turning movement from the northeast, intercepting his retreat and causing him heavy loss.

The enemy in confusion hoisted the Red Cross flag, but this did not stop our firing, and he fled in disorder. His strength in cavalry and infantry was some 3000 men and several guns. Fifty corpses were left on the field. The enemy's loss was fully 200. Our loss was insignificant."

STRENGTHENING VLADIVOSTOK.

[BY THE ASSOCIATED PRESS—P.M.]

LONDON, June 26.—The Japanese correspondent of the Daily Telegraph at Moji, Japan, represents the Russians as making strenuous efforts to improve the defenses of Vladivostok, and says that the whole of the Ussuri District has been denuded to the point of famine in order to provide the fortress with adequate food supplies. The correspondent adds that Gen Linevitch has issued strict orders to noncommissioned officers and men to refrain from the use of alcoholic liquors.

WRECKED HIS NERVES.

**Capt. W. S. Overton, Who Fought at Caloocan and Was Wounded, Ordered to Europe by Physician.**

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, June 25.—[Exclusive Dispatch.] Suffering from intense nervousness due to a wound he received in fighting for his country, his mental and physical torture reaching such a point that sleep was impossible, and he tore his bedclothing to shreds in his uncontrollable clutchings, Capt. Winfield Scott Overton, was informed by the doctors that a trip to Europe offered a bare chance of recovering his nerves. Friday and Saturday he sought to get passage for himself and his wife on some liner, only to be informed that it would be impossible to get a stateroom before July 15.

Overton was a lieutenant in the Fourth Regiment, Heavy Artillery, U. S.A., when, in the battle of Caloocan, a rifle ball of large caliber entered his left leg near the knee and plowed upward for eighteen inches, passing out at the thigh. Not until the following morning was he discovered and taken to the field hospital. The wound healed, but it has made him a nervous wreck.

# SUGAR FACTORS BUY REFINERY.

HAWAIIAN PLANTERS TO COMPETE WITH SPRECKELS.

**Combination of All Interests at Honolulu Outside of Latter Company Has Purchased the Refinery at Crockett, Cal.—Lively Fight Predicted, Saving a Million Yearly.**

[BY THE ASSOCIATED PRESS—P.M.]

HONOLULU, June 25.—[By Pacific Cable.] The Sugar Factors' Company representing all of the sugar interests here outside those of the Spreckels Sugar Company, has purchased for approximately $2,000,000, the controlling interest in the Crockett, Cal., refinery and intends to begin next January refining the Hawaiian product in competition with the Spreckels company.

It is expected that there will be a lively fight. The Sugar Factors' Company controls 340,000 of the 400,000 tons of the annual sugar crop of Hawaii, and has, it is stated, renewed for three years its contract with eastern refineries to dispose to the crop, with the provision of being allowed to refine up to 150,000 tons on the Pacific Coast.

The sugar factors say they have paid yearly $1,250,000 to the Spreckels refineries because they were unable to compete, and they now propose to resist the Spreckels interests. The Sugar Factors' Company was organized last year for the purpose of combining interests here to oppose the Spreckels company.

LOVES A JUNKMAN.

PHILADELPHIA, June 25.—[Exclusive Dispatch.] Society has been shocked by the elopement of Susanna Neeley, the attractive daughter of William J. Neeley, a wealthy merchant, with Alonzo Goreno, an Italian junkman. Goreno had the nerve to ask permission to marry the girl, and was literally kicked from the place. The girl was banished for a time, but on her return yesterday the two eloped.

VOTED "CUM LAUDE."

CAMBRIDGE (Mass.) June 25.—[Exclusive Dispatch.] Dorsey Franklin Baker, Nordhoff, Cal., (A. B. University of California, '02;) Roy Valentine Reppy, Ventura, Cal., (A. B., Leland Stanford, '02) and Robert P. Stephenson, Nordhoff, Cal., (A. B., University of California, '02) have been voted "Cum Laude" by the Harvard faculty for attaining the grade A. in their school work. Twenty-eight students were voted "Cum Laude."

# MAMMOTH FLAG OF NATION.

**"Old Glory" to Shine With Stars Two Feet High at Denver for the G.A.R.**

[BY DIRECT WIRE TO THE TIMES.]

DENVER (Colo.) June 25.—[Exclusive Dispatch.] Denver claims the distinction of owning the biggest American flag in the world. It will be used for the G.A.R. encampment, is being made here, and is almost finished. It is 115 feet long and 55 feet in width. The union field is 28x35 feet and the stripes each 4 feet 2 inches wide. The stars are 2 feet high each, and in its making 1450 yards of the finest bunting were used.

The great weight of the flag, 450 pounds, prevented it being swung from a pole or hung from a cable between buildings. So it has been arranged to spread it across a five-story building on Sixteenth street. It will completely cover the building.

THE GREAT WAR.

## *Russia Holding the Idea of Peace.*

### *Proposition for Date of the Conference at Washington Being Considered.*

### *Foreign Office Secretary Admits Unfamiliarity With American Methods.*

### *News from Front—British India Steamer Sunk by Russian Cruiser.*

[BY THE ASSOCIATED PRESS—P.M.]

ST. PETERSBURG, June 26, 12:51 a.m.—[By Atlantic Cable.] Negotiations for the peace conference have taken an important step forward, and a proposition for the date of the meeting of the plenipotentiaries at Washington have been submitted to Russia, and is now under consideration. The exact date proposed has not been ascertained, but there is reason to suppose that it is some time during the first week or ten days of August, which is about the earliest period at which the Japanese representatives could be expected to reach Washington, allowing reasonable time for the acceptance of the proposal and the interchange of the nominations of plenipotentiaries.

The Emperor's answer is not expected for a day or two, as the diplomatic mills of Russia grind slowly, and the Foreign Office, as one of the secretaries put it, is not used to "hustling American methods," but it is thought that the date will be satisfactory, as it will give time for Nedliloff, the Russian Ambassador at Paris, or other Russian negotiators to reach Washington, and as there will be little preliminary work for them to do until the Japanese terms are submitted.

Whether the proposal regarding the date originated at Tokio or at Washington cannot be learned, but the fact that the negotiations were conducted through Ambassador Meyer may indicate that President Roosevelt has perhaps again stepped to the fore and suggested to the two powers neither of whom would be willing to take the initiative, a suitable date.

Ambassador Meyer is still exchanging communications with Foreign Minister Lamsdorff by letter, the Minister being confined to his apartments in the ministry, but in his latest note, written by his own hand, Count Lamsdorff expressed the hope that he would have sufficiently recovered to permit the personal exchange of views today. The Minister's indisposition also prevented him from receiving the German, French and other ambassadors during the last few days.

M. Heratoff, Under Minister of Foreign Affairs, and the spokesman of the Foreign Office, in an interview in the Gazetta, declares an armistice pending the meeting of the plenipotentiaries is improbable, and he comments upon the possibility of a battle taking place before a conference is held.

The Russky Invalid, the army organ, supplies an argument for peace in an estimate of the strength of the Japanese armies which it places from 550,000 to 600,000 men, including the force operating in Korea. In the five Japanese armies opposing Gen. Linevitch, exclusive of cavalry and artillery, it estimates that there are from 430,000 to 450,000 bayonets, which give Field Marshal Oyama a decidedly numerical superiority over the strength usually allotted to Linevitch's army. The Japanese forces, it says, are divided as follows: Gen. Kuroki, 115,000 to 120,000 bayonets; Gen. Oku, 110,000 to 115,000 bayonets; Gen. Nogi 80,000 to 90,000 bayonets; Gen. Nodzu, 45,000 bayonets; Gen. Kawamura 73,000 to 80,000 bayonets.

The Novoe Vremya prints an interview which its correspondent at Paris had with a Japanese diplomat, who says that while nobody outside of the Emperor of Japan and his principal advisers is yet in possession of Japan's terms, he believes that they are moderate, and will be acceptable. He adds that Japan is anxious to conclude a lasting peace, but that her attitude is not influenced by the slightest doubt as to her financial ability to continue the war, she having anticipated a much longer and more difficult period of hostilities.

NEWS FROM THE FRONT.

LINEVITCH CLAIMS ADVANTAGE.

[BY THE ASSOCIATED PRESS—P.M.]

ST. PETERSBURG, June 25.—[By Atlantic Cable.] The Emperor has received the following dispatch from Gen. Linevitch, dated June 23:

"There is no change in the position of the armies. After the Japa-

nose advance on our right flank, which I have already reported, the enemy advanced against our front east of the railway, where the Cossacks, noticing the enemy's advantage, had withdrawn slowly.

"On June 19, our cavalry, having been reinforced, met the Japanese advance, when the enemy hastily withdrew to the southward.

"On the morning of June 20, our cavalry reoccupied points on the Mandarin road. Japanese infantry began, at 9 o'clock on the same day, a determined advance against Gugichi, opening an artillery fire on our outposts. At noon, our men to the north withdrew, and the advance guard of the division retreated still further, to the heights north of the Schichusa, in face of superior forces, finally falling back as far as Liaoenjao. The fight ended in the evening, the enemy remaining some four miles south of this spot. It was found later that two regiments of Japanese infantry and two regiments of cavalry, with machine, mountain and field guns, had advanced along the Mandarin road.

"To the west, three battalions of infantry, a squadron of cavalry and three guns advanced. We resolved to advance, on June 20, in order to drive the enemy back and to enable our advance guards to recover their former positions. For this purpose, the troops selected began to move toward Liaoenjao. Scouts were thrown out, and the Japanese retired before our advance guards.

"In the evening of June 20, our advanced troops occupied Menchuagai and a pass to the west of that place.

"On the morning of June 21, our further advance began and the enemy, pursued by us, retired gradually to positions near Rescopingao. A lively fire was opened by degrees, four Japanese batteries being engaged. The Japanese showed a disposition to offer an obstinate resistance, and the appearance of our troops here caused confusion among them, compelling them to send for reinforcements.

"The object of our advance being fully attained, our troops were withdrawn in the failing darkness, the positions which the enemy had occupied before our advance remaining in our hands.

"A Japanese battalion of 400 cavalry appeared north of Chajushen, Korea, on June 20.

## BRITISH STEAMER SUNK.

### BY RUSSIAN CRUISER TEREK.

[BY THE ASSOCIATED PRESS—P.M.]

SINGAPORE, June 25.—[By East Indian Cable.] The British India Steam Navigation Company's steamer Ikhona was sunk by the Russian cruiser Terek, June 5, 150 miles north of Hongkong. The crew was landed here tonight by the Dutch steamer Parlak, which the Terek met June 15. The Ikhona was carrying mails and rice from Rangoon to Yokohama.

[The Ikhona was a steel vessel of 5262 tons; built at Glasgow in 1900. She was 410 feet long, with fifty foot beam, and was equipped with electricity. The steamer left Rangoon May 17. Her cargo was valued at $450,000. —Associated Press.]

CAMBRIDGE, June 25.—[Exclusive Dispatch.] "An endowment fund of at least $2,000,000 will surely be presented to Harvard University at commencement exercises, next week, and we hope that it will be $2,500,000," said Bishop Lawrence, in an interview yesterday.

Bishop Lawrence is chairman of the Harvard Alumni Association, which for the last few years has been engaged in raising a big endowment fund to be presented to Harvard at this commencement. A public and definite announcement of the fund will be made at the graduate dinner in Memorial Hall next Wednesday.

## THAT LOS ANGELES ARMY.

### Minister Chentung Liang Cheng Takes No Stock in Report of a Chinese Round-up.

[BY DIRECT WIRE TO THE TIMES.]

AMHERST (Mass.) June 25.—[Exclusive Dispatch.] Chentung Liang Cheng, Chinese Minister to the United States, when shown a dispatch from Los Angeles, saying that a Chinese army is being organized, drilled and supplied with modern arms in the United States, with the purpose of overthrowing the present Chinese government, said:

"The idea that an army for a hostile movement against China could be recruited in a friendly nation like the United States is absurd. In a time of peace, this country would not tolerate the formation here of such an army, but would suppress it at once. Evidence of that can be found in the action taken some time ago by the Governor of California, who had occasion to suppress some such movement which was being organized within his jurisdiction."

### *The Chinese to Receive Better Treatment Hereafter.*

### *President Issues an Official Order on Subject.*

### *Engineer Wallace Secures an Offer of Big Salary.*

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, June 25.—[Exclusive Dispatch.] The President tonight issued from the White House, a statement which, it is believed, will do much to clear the tangle between John Chinaman and this country over the enforcement of the exclusion law. The first letter from the President quotes the text of the State Department's instructions to the United States diplomatic and consular officer, ordering the exercise of care in the endorsement of certificates given by the Chinese government to celestials intending to come to this country. The second letter, from Secretary Metcalf, reviews the general situation as regards the Chinese exclusion law and its enforcement, and contains a copy of the order to the immigration officials, directing that the certificate, properly vised by an American diplomatic or consular official, shall be taken as prima facie evidence of the right of the bearer to enter this country.

The combination of instructions to the State Department's representatives abroad and the order to immigration inspectors in the United States is expected to relieve the present condition of affairs, which is admitted to be unsatisfactory by everybody. The first order is intended to prevent fraudulent certificates being issued by the Chinese government, as repeatedly charged, also to caution American representatives abroad against irregularity of any kind on their part. Once the Chinese obtains a good certificate from his government and has it properly endorsed by an American official, he need have nothing to fear, which has not always been the case, inspectors taking it upon themselves to go behind the face of the certificate. That feature of the exclusion law's operation has been particularly objectionable to the Chinese government. It has resulted in the detention of many highly-educated and wealthy Chinese.

The Department of Commerce and Labor has justified itself for such acts by saying that there might be frauds. Hereafter, unless fraud is self-evident, any Chinese immigrant can land who has the certificate provided by law.

Today's evidence of the President's intention to give the Chinese a "square deal," is calculated, it is universally believed here, to assure the Chinese government and the merchant guilds in China that this government does does not wish to antagonize them, and the result, it is hoped, will be to stop any further movement toward a boycott of American products. If it does not, and perhaps in any event, there will be a strong effort made to secure an amendment of the Chinese exclusion law at the first session of the Fifty-ninth Congress, so that the inspection and examination of Chinese travelers will not be so rigid. This effort may or may not be preceded by an investigation and recommendations concerning the question by a commission of government officials, according as the exigencies of the situation may demand.

### THE PRESIDENT'S LETTER.

[BY THE ASSOCIATED PRESS—P.M.]

WASHINGTON, June 25.—By direction of the President, action has been taken by the administration which not only will facilitate the landing in this country of Chinese of the exempt classes, but will also eliminate from the Immigration Bureau such administrative features as have been the subject of criticism by Chinese. It is the declared intention of the President to see that Chinese merchants, travelers, students and others of the exempt classes shall have the same courtesy shown them by officers of the Immigration Bureau as is accorded to citizens of the most favored nations.

Representations have been made to the President that, in view of alleged harsh treatment accorded to many Chinese seeking a landing in the United States, the commercial guilds of China have determined to institute a boycott on American manufactures. The representations, backed by the authority of the American Asiatic Society and commercial bodies throughout the country, induced the President to make an investigation of the situation, with a view to remedying the evils complained of, if they were found to exist. The subject was discussed thoroughly with Secretary Metcalf of the Department of Commerce and Labor, who has supervision of the Immigration Bureau.

As the result of the inquiry, orders have been issued to the diplomatic and consular representatives of the United States in China by the President himself that they must look closely to the performance of their duties under the exclusion law, and see to it that members of the exempt classes coming to this country are provided with proper certificates. These certificates will be accepted at any port of the United States, and will guarantee the bearer against any harsh or discourteous treatment, such treatment, indeed, will be the cause of the instant dismissal of the offending official, whoever he may be.

In addition to the President's orders, Secretary Metcalf has issued instructions to the immigrations officers which, it is believed, will remedy the difficulty heretofore complained of by the Chinese government and individuals. It is anticipated that the prompt action taken by the government to meet the objections by the Chinese will eliminate the possibility of serious trade difficulties between China and the manufacturers of this country.

The text of the official correspondence and orders on the subject was made public today by authority of the President. The President's orders to the diplomatic and consular officers of this country in China were transmitted through the State Department, and are as follows:

### THE WHITE HOUSE.

Washington, D. C., June 24, 1905.

To Acting Secretary of State: The State Department will immediately issue a circular to all our diplomatic and consular representatives in China setting forth the following facts, and stating that it is issued by direct order of the President:

Under the laws of the United States, and in accordance with the spirit of the treaties negotiated between the United States and China, all Chinese of the coolie or laboring class—that is, all Chinese laborers, skilled or unskilled—are absolutely prohibited from coming to the United States, but the purpose of the government of the United States is to show the widest and heartiest courtesy toward all merchants, teachers, students and travelers who may come to the United States, as well as toward all Chinese officials or representatives in any capacity of the Chinese government. All individuals of these classes are allowed to come and go of their own free will and accord, and are to be given all the rights, privileges, immunities and exemptions accorded to citizens and subjects of the most favored nations.

The President has issued special instructions through the Secretary of Commerce and Labor that, while laborers must be strictly excluded, the law must be enforced without harshness, and that all unnecessary inconvenience and annoyance toward those persons entitled to enter the United States must be scrupulously avoided. The officials of the Immigration Department have been told that no harshness in the administration of the law will for a moment be tolerated, and that any discourtesy shown to Chinese persons by an official of the government will be cause for immediate dismissal from the service.

The status of those Chinese entitled freely to enter the United States is primarily determined by the certificates provided for under section 6 of the Act of Congress of July 5, 1884. Under this law the diplomatic and consular representatives of the United States have, by direction of the President, been instructed, before vising any certificate, strictly to comply to the requirements of that portion of section 6 which provides as follows:

"Any such diplomatic representatives or consular representative, whose indorsement is so required, is hereby empowered, and it shall be his duty, before indorsing such certificates as aforesaid, to examine into the truth of the statements set forth in said certificates, and if he shall find upon examination that said or any of the statements therein contained are untrue, it shall be his duty to refuse to indorse the same."

The certificate thus vised becomes prima facie evidence of the facts set forth therein. The immigration officials have now been specifically instructed to accept these certificates, which, are not to be upset unless good reason can be shown for so doing. Unfortunately, in the past, it has been found that officials of the Chinese government have recklessly issued thousands of such certificates which were, not true, and recklessness has also been shown in the past by representatives of the American consular service in vising these certificates. The purpose of this government is to make these vised certificates of such real value that it is safe to accept them here in the United States. This will result in doing away with most of the causes of complaint that have arisen. The Chinese student, merchant or traveler will thereby secure, before leaving China, a certificate which will guarantee him against any improper treatment. But in order that this plan may be carried out it is absolutely necessary that the diplomatic and consular officers, instead of treating their work in vising these certificates as perfunctory, shall understand that this is one of their most important functions.

They must not issue any such certificates unless they are certain that the person to whom it is issued is entitled to it, and they will be held to a most rigid accountability for the manner in which they perform this duty. If there is reason to believe that any certificate has been improperly issued, or is being improperly used, a thorough investigation will be made into its issuance. The only way in which, possibly, while fully carrying out the provision of the law against the immigration of Chinese laborers, skilled or unskilled, to secure the fullest courtesy and consideration for all Chinese persons of the exempt classes, such as officials, travelers, merchants, students and the like, is through the careful and conscientious action of our diplomatic and consular representatives, under the proposed policy of the Department of Commerce and Labor. The change will simplify the whole administration of the law, but it cannot be made permanent unless the diplomatic and consular representatives do their full duty and see to it that no certificate is issued with their vise unless the person receiving it clearly comes within one of the exempt classes and is fully entitled to the privileges and certificates secured for him.

Accordingly, all our diplomatic and consular representatives in China are warned to perform this most important duty with the utmost care.

[Signed] THEODORE ROOSEVELT.

These orders are supplemented by a letter to the President from Secretary Metcalf, setting out the provisions of the law under which the Bureau of Immigration operates in relation to Chinese immigrants and by the new instructions issued to immigration officers, regarding their treatment of Chinese who may come to the United States.

### METCALF'S LETTER.

The President and Mr. Metcalf believe that the instructions will insure to the Chinese the same fair and courteous treatment that is accorded to people of other nationalities. Secretary Metcalf's letter to the President and his instructions to the immigration officers follow:

WASHINGTON (D. C.) June 24, 1905. —The President: Referring to the matter of the enforcement of the Chinese exclusion laws, I have the honor to advise you that I have gone thoroughly into the questions raised, and that I find the situation to be as follows:

For the purpose of considering the operation of the exclusion law, Chinese subjects coming to the United States may be arbitrarily divided into two classes.

First. Registered Chinese laborers who are returning to the United States within one year after departure therefrom.

Second. Chinese subjects, being merchants, teachers, students or travelers from curiosity or pleasure, who are allowed to enter the United States and to come or go therein of their own free will, and accorded all the rights, privileges and immunities and exemptions which are accorded to the citizens and subjects of the most favored nation. If in possession of what, for the sake of convenience, is generally known as a "section 6 certificate," unless they have resided as such in the United States and are returning thereto, in which case they may present other evidence than such certificate of their right to admission.

Section 6 of the act of May 6, 1882, as amended by the act of July 5, 1884, now in force and effect, provides in effect that every Chinese person other than a laborer who may be entitled by treaty or laws to come within the United States, and who shall be able to come to the United States, shall obtain the permission of and be identified as so entitled by the Chinese government or other such foreign government of which at the time such Chinese person shall be a subject in each case to be evidenced by a certificate to be issued by such government. The law requires that this certificate shall be in the English language, and shall show such permission, with the name of the permitted person in his or her proper signature; that the certificate shall state the individual, family and tribal name in full; title or official rank, if any, the age, height and all peculiarities, former and present occupation, when and where, any and however long pursued, the place of residence of the person to whom the certificate is issued, and that such person is entitled by law to come within the United States.

If the person so applying is a merchant, the certificate must state, in addition to the above requirements, the nature of, character and estimated value of the business carried on by him prior to and at the time of his application as aforesaid. If the certificate be sought for the purpose of travel for curiosity, it must also state whether the applicant intends to pass through or travel within the United States, together with his financial standing in the country from which such certificate is desired. The law further provides as follows:

"The certificate provided for in this act, and the identity of the person named therein shall, before such person goes on board any vessel to proceed to the United States, be vised by the indorsement of the diplomatic representative of the United States in the foreign country from which such certificate issues, or consular representatives of the United States at the port or place from which the person named in the certificate is about to depart, and such diplomatic representative or consular representative whose indorsement is so required is hereby empowered, and it shall be his duty, before indorsing such certificate as aforesaid, to examine into the truth of the statements set forth in said certificate, and if he shall find upon examination that said or any of the statements contained therein are untrue, it shall be his duty to refuse to indorse the same.

"Such certificate, vised as aforesaid, shall be prima facie evidence of the facts set forth therein, and shall be produced to the collector of customs of the port in the district in the United States at which the person named therein shall arrive, and afterward produced to the proper authorities of the United States whenever lawfully demanded, and shall be the sole evidence permissible on the part of the persons so producing the same to establish a right to entry into the United States, but said certificate may be controverted and the facts therein stated disproved by the United States authorities."

Although neither the treaty nor the laws make provision in terms for the extension of transit privileges to laborers, such privileges are, as a matter of fact, accorded Chinese laborers by regulations of the department. That is to say, exercising the general authority conferred by law to enact regulations, the department permits Chinese laborers to pass through the country under suitable restrictions and proper safeguards.

No specific regulation has thus far been deemed necessary in order to extend transit privileges to the second, or exempt, classes, for the reason that they are permitted by law to come and go of their own free will and accord when in possession of the section 6 certificate.

As to the harsh and unreasonable treatment which, it is said, has been accorded members of the exempt classes, this much may be said: What are known as "section 6 certificates" were universally accepted, and the landing of Chinese subjects possessing them facilitated in every way until it became apparent to the officers of the service that these certificates were issued by hundreds to Chinese laborers and other persons not entitled to them under the law. In order to administer the law, it then became necessary to investigate each individual case, as by law authorized. It is, of course, possible that the officers of the service were overzealous in their efforts to prevent the entry of Chinese laborers on fraudulent certificates. But the fact remains that the source of the trouble was the lax methods of the Chinese and other officials charged with issuing and vising these certificates.

So much as to the conditions. As to the remedy, I have the honor to recommend that there be issued to the diplomatic representatives of the United States in China instructions that before they vise certificates they comply strictly with the requirements of that portion of section 6, which provides as follows:

"And such diplomatic representative or consular representative whose indorsement is so required is hereby empowered, and it shall be his duty, before indorsing such certificate as aforesaid, to examine into the truth of the statements set forth in said certificate, and if he shall find on examination that said or any of the statements contained therein are untrue, it shall be his duty to refuse to indorse them."

In keeping with this suggestion, I have the honor to advise you that I shall issue instructions to the officers of the service to facilitate the landing of all Chinese subjects in possession of such certificates. In this connection, I invite your attention to a class of Chinese subjects who are neither laborers on the one hand nor teachers, students, merchants, or travelers on the other, such for instance as directors, lawyers, clergymen, etc. While the department is without authority in the absence of appropriate legislation to extend to members of this latter class the same privileges which are now by law extended to teachers, students, merchants and travelers, yet it is clearly within the power of the department to extend to them the privilege of transit under suitable regulations. This the department will do at an early date. Respectfully,

[Signed] V. H. METCALF, Secretary.

The instructions follow:

DEPARTMENT OF COMMERCE AND LABOR, June 24, 1905.

Department Circular 81, Bureau of Immigration.

To all officers charged with the enforcement of the Chinese exclusion laws and all others whom it may concern: The attention of all officers charged with the enforcement of the Chinese exclusion laws is directed to department circular No. 80, issued under date of June 24, 1905. Under the provisions of the treaty and laws in relation to the exclusion of Chinese persons, officials of the Chinese government and teachers, students, merchants, travelers for curiosity or pleasure and the lawful wives and minor children, when in possession of the certificate required by a section of the act of July 5, 1884, may be accorded all the rights, privileges and immunity and exemption which are accorded to the citizens and subjects of the most favored nation.

Attention is also called to the fact that, under rule 42, Chinese persons, other than laborers, not supplied with the certificates as provided for by section 6 of the act of July 5, 1884, may be permitted to pass through the United States in transit upon producing to the officer in charge of the enforcement of the Chinese exclusion laws at the port of arrival such reasonable proof as may be required to satisfy him that a bona fide transit only is intended. Attention is especially called to the fact that Chinese persons, other than laborers in possession of a "section 6 certificate" are not required to give bond or to furnish a photograph, or submit to the physical examination required by the Bertillon system of identification.

The purpose of the Chinese exclusion laws is to prevent the immigration of Chinese laborers, and not to restrict the freedom of movements of Chinese persons belonging to the exempt classes, and in determining whether Chinese persons are laborers, or members of the exempt classes, officers charged with the enforcement of the laws are cautioned to act with discretion. While laborers must be strictly excluded, the law must be enforced without harshness, and unnecessary inconvenience or annoyance must not be caused such persons whose appearance or situation clearly indicates that they do not belong to the class of laborers. They must be treated with the same consideration extended to members of any other nationality, and they are not under any circumstances to be subjected to unnecessary surveillance.

The department holds that the purpose and intent of the Chinese exclusion laws are to absolutely prevent the coming to the United States of laborers, skilled and unskilled. The certificate provides for, under section 6 of the act of 1884, when vised by the indorsement of the diplomatic representatives of the United States in the foreign country from which the certificate issues, or of the consular representatives of the United States at the port or place from which the person who made the certificate is about to depart, is by said section 6 made prima facie evidence of the facts set forth therein. The diplomatic and consular representatives of the United States are, by direction of the President, instructed, before vising any certificate, to strictly comply with all the requirements of that portion of section 6, which provides: "And such diplomatic representative or consular representative whose indorsement is required, is hereby empowered, and it shall be his duty, before indorsing such certificate as aforesaid, to examine into the truth of the statements set forth in said certificate, and if he shall find upon examination that said or any of the statements contained therein are untrue, it shall be his duty to refuse to indorse the same."

You are, therefore, instructed to accept as evidence of the right of holders to land, certificates vised by the American diplomatic or consular representatives when such certificates comply in all material respects with the requirements of the law, unless you have good reason to believe that any person presenting such a certificate is not the person to whom said certificate was issued, or is not a member of any one of the exempt classes. Chinese persons of the exempt classes applying for admission to the United States properly certified are entitled to all the rights, privileges, immunities and exemptions which are accorded to citizens and subjects of the most favored nations.

Any harshness in the administration of the Chinese exclusion laws will not for one moment be tolerated, and any discourtesy shown Chinese persons, either laborers or of the exempt classes, by any of the officials of this department, will be cause for immediate dismissal of the offender from the service.

[Signed] V. H. METCALF, Secretary.

## WHY WALLACE CAME BACK.

### OFFER OF $60,000 SALARY

[BY DIRECT WIRE TO THE TIMES.]

WASHINGTON, June 25.—[Exclusive Dispatch.] The Washington Times says today:

"Chief Engineer John F. Wallace of the Panama Canal Commission has received an offer from an important corporation in this country that carries a salary of $60,000 a year. This was the real reason for the sudden departure from the isthmus and his arrival at New York Thursday.

"Although he has not as yet resigned his position as chief engineer, it may be assumed that in view of this offer, Mr. Wallace is seriously considering such a course. His present salary is $25,000. In justice to his family, Mr. Wallace feels that he should not refuse offhand the flattering proposition which he has received. Should he resign as chief engineer, he may consent to continue his connection with the canal work as a member of the board of consulting engineers.

"Mr. Wallace's retirement would be a great disappointment to the President and the Secretary of War, and it is understood that strong efforts are being made to induce him to remain in his present position, or at least withhold his resignation until after final plans for construction of the canal have been decided upon, and are ready for submission to Congress."

There is no one here who can verify this report.

## TAFT'S CONFERENCE.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, June 25.—Secretary Taft had a conference at the Manhattan Hotel today with John F. Wallace, chief engineer of the Panama Canal, T. P. Shonts, chairman of the Canal Commission, and William Nelson Cromwell, counsel for the commission, but refused to make any statement as to what matters had been discussed. Immediately after the conference, Secretary Taft left for New Haven.

There will be other conferences before Secretary Taft starts for the Philippines. Today's conference was brought about, it is said, by the recent return of Wallace from the Isthmus, but it is not known whether his visit portends his resignation unconditionally or conditionally, if certain plans decided upon already are not changed. It is said he is dissatisfied, whether about dredging contracts already let or not, he will not say.

## CHICAGO'S UNION TEAMSTERS.

CHICAGO, June 25.—Unless the referendum vote to be taken by the striking teamsters tomorrow night results in the men agreeing to accept the terms of settlement offered by the employers, there is a probability that the struggle may extend to a contest involving all of the 55,000 union teamsters in Chicago. The conservative element will use every effort possible to check a sympathetic strike, and the chances are said to be about even that they will be successful.

## RULING OFF AUTOMOBILES.

*Wanted on Mountain Roads up North.*

*Santa Clara District Attorney Attacks State Law.*

*Purchase of Mills and Land. Fisheries Conference.*

[BY DIRECT WIRE TO THE TIMES.]

SAN JOSE, June 25.—[Exclusive Dispatch.] Despite the act passed by the Legislature at the last session, limiting automobile traffic on the main roads of California, James H. Campbell, District Attorney of Santa Clara county, is of the opinion that the county ordinance prohibiting autos on the Santa Cruz and Mt. Hamilton roads, is still in effect, and he issued a warning to the owners and users of motor vehicles against the violation of this ordinance.

The District Attorney holds that the state automobile law is invalid, on the principal ground that it is class legislation, and further that there are irregularities in the framing of the bill which are fatal to its effectiveness. Although the act provided for the annulment of all county ordinances on the subject which were in conflict with its provisions, the District Attorney, with many other district attorneys of the state, is of the opinion that the act does not, and that the ordinances formerly existing are still in force. If the District Attorney is correct in his opinion, the scenic roads to Mt. Hamilton and Santa Cruz will be closed to automobiles.

There is a strong effort being made at the present time by interested parties to have the county ordinances repealed, so far without success. The Board of Supervisors has refused to take action at this time, on the ground that if the act of the Legislature was valid, the ordinances were already of no effect, and that if the act were invalid, the board is not convinced of the advisability of allowing motor vehicles on the mountain roads.

### MILLS AND TIMBER LAND.

NORTHWESTERN BUY.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA (Wash.) June 25.—[Exclusive Dispatch.] The Holmes Investment Company of San Francisco and J. A. and James Campbell of Seattle have purchased the old Port Discovery mill property, together with 10,000 acres of timber land held by Mrs. A. Hunbird and E. J. Palmer of Port Townsend. The deal is the basis of the rumor that the same interests intend to secure mills at Port Gamble and Port Ludlow and connect all four by railroads across the Sound.

### BIG STEAMER SCHOONER.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA (Wash.) June 25.—[Exclusive Dispatch.] John Lindstrom, the builder of Aberdeen, has been awarded the contract for building the largest steam schooner ever turned out from his establishment. The vessel will be 200 feet over all, 13 feet deep and 40 feet beam, and cost about $66,000. It is being built for Charles Higgins of San Francisco.

### RAILROAD COMMISSION WORK.

ACTIVITY IN WASHINGTON.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA (Wash.) June 25.—[Exclusive Dispatch.] The newly-appointed Railroad Commission has organized by the election of Harry A. Fairchild as president and the temporary appointment of Will Lyons of Seattle as secretary. Chairman Fairchild left tonight for California on private business. While there, he will investigate the workings of the California Commission.

Commissioner J. C. Lawrence, who represents Eastern Washington agricultural interests, has gone East to investigate the operation of the Railroad Commission laws in Wisconsin and other States. Commissioners Fairchild and McMillin both come from the extreme northwestern part of the state, giving neither Tacoma, Spokane nor Seattle representation on the commission.

### NERVY MRS. ISON.

SHOOTS A HORSE THIEF.

[BY DIRECT WIRE TO THE TIMES.]

BAKER CITY (Or.) June 25.—[Exclusive Dispatch.] Mrs. O. P. Ison last night heard an unusual noise in a shed at the rear of the house. Ison being away, she determined to investigate and discovered a stranger saddling her husband's horse. Without informing her daughter of a visitor, she secured a revolver. She caught the thief in the act of mounting and opened fire. The horse shied, throwing the man, who took to his heels.

The whole neighborhood turned out and pursued the thief, evidently bleeding profusely, for a long distance. A blood-stained handkerchief was found at the scene. The horse was recovered, but no trace of the man lost.

### DISCLOSE DENTAL SCANDAL.

CITY OF NEW COMMISSION.

[BY THE ASSOCIATED PRESS—P.M.]

SACRAMENTO, June 25.—Acting Governor Alden Anderson today announced the appointment of a commission of three, specially deputized to investigate the rumors of scandal and graft affecting the State Board of Dental Examiners. The commission will be composed of A. J. Pillsbury, Secretary of the State Board of Examiners, and members of the last Assembly, P. Caldwell of Petaluma and Frank A. Leach of Vallejo. Unofficially, it is stated that there is no probability of any action being taken until after August 1.

The charges reflecting upon the integrity of members of the Dental Board and attracted the notice of Governor Gillett before his departure for Oregon, and at that time, after conferring with Lieut.-Gov. Anderson, he decided upon the action made public today. He authorized the Lieutenant-Governor to act.

In a letter to Secretary Pillsbury, Acting Governor Anderson says that he will leave to the good judgment of the commission the selection of a method of procedure. As to the purpose, he explains that the commission will sift the rumors relating to alleged acts of improper conduct which have given public utterance, both by the press and by members of the Dental Board. He expects that the commission, if it finds the charges substantiated by fact, to vindicate the Board, and if false, to expose, and if possible, punish the guilty.

It is probable that the commission will begin a meeting early this week.

# PITH OF NEWS FROM THE MIDDLE WEST.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO, June 25.—[Exclusive Dispatch.] Fanned by a thirty-eight-mile wind from the Southwest, the mercury rose from minimum of 69 degs. to 89 degs. at 3 o'clock this afternoon. Thousands flocked to the parks and waterfronts to escape the broiling heat, but found little relief. Finally, at 9 o'clock in the evening a terrific rainstorm broke over the city, its cooling influence making sleep possible. Tomorrow, the wind will be in the northwest, veering from that point to the northeast, with possible return of 50 deg. temperatures. Middle West temperatures at 8 p.m.:

### GRAEME STEWART DYING.

Graeme Stewart, former national Republican committeeman for Illinois and Chicago mayoralty candidate, who was stricken at a recent banquet given in honor of Paul Morton, is now considered to be beyond all hope of recovery. At midnight, he was barely alive, and death was expected at any moment. He had been sinking gradually all day.

### SIMON WAS "ASLEEP."

[BY DIRECT WIRE TO THE TIMES.]

BORDEAUX (Wyo.) June 25.—[Exclusive Dispatch.] Simon Brandt, a dashing young ranchman, is preparing a novel defense in a breach of promise suit brought by Miss Katherine Rippin, a pretty school teacher, who alleges that Brandt proposed and was accepted, after he had prolonged his visit until after midnight. Brandt declares that the proposal, if made, was while he was asleep, and therefore he is not responsible. He will bring many witnesses to testify to his strange habit of talking in his sleep, when to all appearances he is sitting wide awake.

### "PADDY" GETS DAMAGES.

[BY DIRECT WIRE TO THE TIMES.]

BUFFALO (N. Y.) June 25.—[Exclusive Dispatch] Seven thousand dollars has just been paid by the New York Central Railroad to Ignace Paderewski, the pianist, as damages for a jolting he received in a railroad accident, April 22, last. After the jolting, the pianist was prostrated from neuritis, and was forced to cancel his American tour.

### TELEGRAPHER'S COINCIDENCE.

[BY DIRECT WIRE TO THE TIMES.]

CLEVELAND (O.) June 25.—[Exclusive Dispatch.] During the Coroner's investigation today in the matter of the wreck of the Twentieth Century Limited at Mentor, O., Wednesday, it developed that Operator C. B. Miner of Mentor is the same man who was on duty at Ashtabula, several months ago, when a Lake Shore passenger train was wrecked. The circumstances attending the wreck were identical with those of the Twentieth Century Limited, and that wreck resulted in five deaths.

### LIVE HOGS ON ICE.

[BY DIRECT WIRE TO THE TIMES.]

LIGONIER (Ind.) June 25.—[Exclusive Dispatch.] The Lake Shore has instituted the reform of shipping live hogs from this section on ice. The ordnary stock cars are iced by placing cakes of ice over the floors, making it cool and quite comfortable for the swine on their last ride.

for the purpose of organization, and that adjournment will then be taken until August 1, when the investigation will actually begin. The delay, it is said, is due to the fact that Secretary Pillsbury and Assemblyman Devlin, before being named, had already planned to leave the State for a brief time.

### FISHERIES CONFERENCE.

AMERICANS AND CANADIANS.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA (Wash.) June 25.—[Exclusive Dispatch.] Gov. Mead has appointed six commissioners to sit with a like commission from other Northern States and Canada for the purpose of discussing uniform fishing regulations and laws for these States and the Canadian provinces. The promoters of the fisheries conference include Gov. Bell of Vermont, Gov. Higgins of New York and Minister Prefontaine of Marine and Fisheries at Ottawa. The commissioners will pay their own expenses. They will visit the fishing centers of Washington and British Columbia, besides holding sessions in Washington or Ottawa.

Gov. Mead's appointees are J. A. Kerr, T. J. Gorman, E. E. Ainsworth of Seattle, E. B. Deming of Bellingham, E. A. Woolard of Anacortes, and Fish Commissioner Kershaw.

### SLOPE BRIEFS.

**Dying in the Road.**

YOUNTVILLE, June 25.—[Exclusive Dispatch.] J. P. Marsan, a member of the Veterans' Home here, was found dying in the main road this afternoon. He had been absent from the home since yesterday. He was suffering from extreme exhaustion and excessive alcoholism. It is feared he cannot recover. He has been a member of the home about four years.

**Drowned in San Joaquin.**

STOCKTON, June 25.—Ben Warshawski of San Francisco, visiting friends here, and George Campodonico, a salesman of the San Joaquin Implement Company of Stockton, were drowned this afternoon in the San Joaquin River, while returning from an excursion of the Summer Outing Club. The two were in a small boat behind a barge, which was being towed by a launch, when the nose of the craft went under and it filled with water. Both went into the river, and though attempts were made to save them, they were drowned. The bodies have not been recovered.

**National Editorial Excursion.**

SACRAMENTO, June 25.—The special train carrying the members of the National Editorial Association arrived in this city at 6:30 o'clock this evening, and the visitors remained over four hours, departing for the North at 11 o'clock. During the interim, they were treated to a trolley ride under the direction of the local Reception Committee, visited Sutter's Fort, inspected the Crocker Art Gallery and its collection of works of art, and were the guests of honor at a public reception given at the State Capitol while a band rendered a concert in the park surrounding. Bouquets of flowers, prepared in advance, were distributed among the ladies of the party before their departure.

**Montgomery's Aeroplane.**

SAN FRANCISCO, June 25.—A heavy wind today prevented the flight of Prof. Montgomery's aeroplane at Oakland, tore the mammoth balloon almost to tatters, and almost caused the asphyxiation of A. Larsen, an attendant, who was caught in the gas from the bursting balloon. Owing to the wind, Prof. Montgomery was advised to postpone the attempt, but he did not wish to disappoint the several thousand people present, and the attempt to inflate the balloon was made, with the result stated.

**Eloped With Prize Fighter.**

REDDING, June 25.—[Exclusive Dispatch.] Marie Volante, aged 12 years, eloped Thursday night at McCloud with Jim Mazena, a prize fighter, aged 25. Friday morning the father of the girl traced her to Dunsmuir, where all trace of the runaways was lost. The father came by rail to Redding to watch the trains. Last night, on the south-bound Overland, he found Marie with a ticket for Sacramento and plenty of money in her purse. Her pugilist lover had disappeared. The father will prosecute if Mazena is caught.

An appeal is made to your fairness when you are asked to drink Rainier beer. Rainier men walked out, refused arbitration and declared a boycott, all without a hearing.—[Adv.

### POMEROY WILL CASE.

HELENA (Mont.) June 25.—[Exclusive Dispatch.] The noted Pomeroy will case has reached the Supreme Court. A Boston man's title to the big estate is now admitted by the State of Montana, but he will probably apply to the legislature for relief. The discovery of heirship was due to newspaper reading.

### AMBITIOUS YOUNG JAP.

SALT LAKE, June 25.—[Exclusive Dispatch.] G. Kaiwai, son of the Japanese Minister to the Netherlands, is a section hand on the Salt Lake Railroad between Caliente and Las Vegas. He has been working a year. He came to the United States to get a practical insight into railroading. He has a brother and sister at Stanford University.

# STOLE FROM HIS COMPAMY AND FOOLED TRUSTING GIRL.

## *Assistant Cashier of the Santa Fe Freight Offices Defaulter for Thousands—He Betrayed His Wife and Fooled Chicago Maiden.*

BUCKING the stock markets; pitiful imitation of a financier; luring girls to ruin; playing the races; caricature of a sport; squandering his company's money like a profligate son with his patrimony; losing his nerve under fear of ultimate detection, and fleeing, a felon, with a broken-hearted and prostrated wife left behind and a young son with a tarnished name.

That is the wind-up of the latest chapter in the checkered career of Lewis C. Sheets, for the past seven years assistant cashier of the local freight offices of the Santa Fé, a confessed defaulter to the amount of many thousand dollars, and present whereabouts unknown.

It is that which has kept the accountants of the auditing department of the road busy over his books since last Monday, when his disappearance followed a written confession sent out to his wife by a messenger boy.

In many respects it is the old story of a trusted employé gone wrong through lust of gambling and that absurd confidence first in the deceitful goddess of his good luck, and finally in his ability successfully to cover up the shortages when every play went wrong and luck passed him by at every turn.

And it is that which has set the detective system of the National Surety Company, which backed his integrity to the amount of $20,000, upon his trail.

The last known of Sheets was when he left his home about 9 o'clock last Monday morning possessed of the notion that his peculations had finally been discovered. He went downtown, and from there sent a letter to his wife by a messenger boy in which he confessed that he was a ruined man, caught in the toils of his own making after three years of successful twisting and falsifying of his accounts. He told her that he had lost heavily in stocks, and had finally taken to playing the races. He admitted that associates of his in the office had followed the same dangerous trail.

He was full of remorse as he bade her good-by forever, and declared that finally he could confess to her the real secret of the scandalous affair of his correspondence with and promise to marry Miss Emma Nelson of Chicago, in November of last year. He says that he believed she had money and that if he could contrive to get hold of it he might be able to square his accounts with the railroad and free himself of the haunting fear of detection.

Lewis C. Sheets, defaulting assistant cashier of Santa Fe Railroad, and Miss Emma Nelson, whom he enticed from Chicago.

THE AFFAIR OF MISS NELSON.

Sheets achieved unenviable notoriety in November of last year through the exposure of his relations with a Miss Nelson, with whom he entered into correspondence through a matrimonial agency and to whom he proposed marriage, the young woman in all good faith finally coming out to Los Angeles in search of her impetuous lover, only to find him living here with his wife and grown son.

Sheets now claims that it was in hopes of getting money out of the trusting Chicago girl that he played the part.

At that time sentiment ran high against Sheets, but so clean was his previous record, that the railroad stood behind him and backed him through the whole scandalous affair, nor doubted his integrity afterward.

He enjoyed the absolute confidence of his employers. He had full charge of the freight collections. He received the money paid into the office. It runs up into the thousands weekly and sometimes daily. He closed and balanced his accounts every night. Every month without fail he was checked up by the skilled accountants of the general auditing department. His accounts always checked to a cent.

Cashier Edward Mendelshon, his immediate superior, says that there was never a question of a single account or of one cent.

But in spite of all this, Sheets stole from his company regularly for three years. And so successfully did he cover up his defalcations, that it is admitted in the office today that no suspicion would have rested upon him had he not completely lost his nerve over the simplest sort of a question a week ago Sunday.

MANY THOUSANDS IN ALL.

Even after a week spent over the books, the auditing department, which has already found a shortage of about $5000, is unprepared to say that this is all.

Sheets's method of securing money and covering it up afterward was very simple, but it is surprising that he was not detected in the monthly check.

He carried the "freight unpaid" book, which often at the end of the month has a heavy balance of unpaid accounts for freight received and delivered to the transfer companies, for settlement on delivery. Collecting these amounts himself, and carrying them as still unpaid, was a clumsy scheme and liable to frequent detection, but as he had charge of the collections personally and could pay the accounts of the preceding month with money collected in the current month, entering the proper credits on the freight unpaid book and on the cash book, he was reasonably safe from detection unless a check had been made of the outstanding balances on the unpaid freight book, which would have brought this defalcations to light at once.

No wonder that he turned faint at thought or suggestion of a vacation, and it is not surprising that he stuck to his work for seven years, a martyr in the eyes of his associates, when at times bodily ills should have sent him home to bed. He dared not leave his books for a single hour—he had always to be on hand, chained by fetters of abject fear to his desk.

THE NERVE-BREAKER.

Friday night Cashier Edward Mendelshon came back from a month's vacation, during which time Sheets had had full charge of all of the accounts of the office. Without the slightest hesitation he made the formal transfer of the office to Mr. Mendelshon, and assumed his duties again as assistant. His accounts as acting cashier were found to be all right to an exact balance.

Saturday he worked as usual in the office, but in addition to his own duties, he assisted Mr. Mendelshon in familiarizing himself with the routine of the office.

Sunday he was also busy getting all work up to date, when Thomas W. Pate, local freight agent, in charge of the whole office called his attention to two items, aggregating about $500, which were still carried as freight unpaid from May, and asked why they had not been collected.

This was the straw which broke the shattered self-control of the assistant cashier. He was convinced that it was all up with him, but managed to explain, after a pretended examination of his records that the amounts had really been paid, and so entered on the cash book, but that he had neglected to give the proper credit on the freight book. In support of his explanation he submitted the cash book, and pointed out the two amounts on the credit side, and the inquiry was satisfied for the time, but the investigation later developed the fact that these credits offset debits of entirely different accounts.

But, while he was suspected by no one, Sheets was convinced that he had been discovered, and Monday not daring to go to the office and unable to stand the strain longer, fled, leaving the confession to his wife, and writing another confession, which he mailed to his company. And it was not until then that he was suspected and the investigation of his accounts begun.

The surety company will reimburse the railroad company, unless it wishes to withhold payment on the contention of one of the clauses in its contract, which provides that it ceases to be liable for shortages of employés whose accounts are not properly checked for a period of three months.

It is not believed that Sheets took any of the embezzled funds with him, as in his letter to the company he says that he has but $80 left of all that he stole. Neither does the company believe that the affair of last November with Miss Nelson has any bearing on his disappearance or present whereabouts.

WHAT THE WIFE SAYS.

Out in the little vine-covered cottage at No. 425 South Mathew street, which Sheets called his home, there is a broken-hearted woman, his companion of more than seventeen years, and a bright boy, 15 years of age, both suffering an anguish far more poignant than if the corpse of the husband and father lay within the darkened parlor.

"Surely he must have been out of his mind," moans Mrs. Sheets. It is her only solution of the mystery.

"He never needed to take a cent of money from any one. We live quietly, and have been so happy, but since that awful affair of last November, it has seemed to me that at times he was out of his head. Oh, I do trust that he will not do anything rash! I want him to live through this awful thing. I shall stand by him until I die. Rather than have him end his life, as he has threatened to do so often, I would rather see him in the prison, for then I could see him from time to time, and I could wait, wait until he got out again, and I would take him away to some far away unknown place.

"Oh, if the railroad and the bond company would give me but three weeks, I am sure that I could raise the money to pay back every cent he took. His old mother, who lives up in Minnesota, is wealthy, and I believe she would give the money to save him—if I could only have that much time.

"Not one cent of stolen money has ever been used for the expenses of this family. We have always had enough from his salary. He gave it all to me every pay day. There is no doubt that all he took from the company went in gambling. That was his ruin.

"I never have believed that there was anything in the affair with that woman. He has always been the kindest and most loving husband, and I know cared nothing for any one outside his family.

"But I should have known that something was coming when he came home last Sunday. The poor man! There was such a hunted look in his face, and he walked about the house like one in a dream. He did not seem to know what he was doing, but I—I never, never suspected the truth until that message came like a bolt of lightning from the sky, and all of the sunlight went out of my life."

UNSOLVED TELEGRAM.

Friday of last week the following telegram, addressed to Sheets and dated San Francisco, was delivered to the wife:

"Call Main 1215 Saturday noon sure. J. J. Martin."

Now what possible connection may this telegram have with the mystery of her husband's disappearance, is a question which Mrs. Sheets is vainly attempting to solve. In an effort to ascertain what might be behind it, she sent a friend to call up this number, which is that of a well-known carpet firm of this city, but all during the noon hour no J. J. Martin nor any one else, who professed to know anything of L. C. Sheets, answered to the telephone.

Mrs. Sheets says that she has not the slightest idea of her husband's probable whereabouts, or she would go to him at once. In his letter to her he instructed that a personal should be inserted in The Times during the first week in July, advising him what was being done by the authorities in his case, and assuring her that wherever he might be, he would be sure to see a copy of the paper.

At a late hour last night the National Surety Company, while admitting that its men were looking for Sheets, declared that they had secured no trace of him, but expected to be able to report something definite soon.

MISS NELSON'S WHEREABOUTS.

It was under the assumed name of L. C. Arlington that Sheets wooed at long distance and won Miss Emma Nelson, the pretty Chicago school teacher who fell so in love with the charming and manly personality which she attributed to the writer, whom she had never seen, of the love letters whose passion fairly scorched the pages upon which they were written.

So carried away was she by the impetuosity of her ardent wooer, who pictured himself as a wielder of the destinies of some far South American country, that she sold everything she owned and came out to Los Angeles to await his return from a perilous cruise through tropical waters, laden with riches which would all be hers.

And all the time the man never set foot outside the city limits.

Miss Nelson, when she discovered the base deceit of which she had been the victim and openly denounced the scoundrel, secured a position as governess in a San Diego family through the influence of friends in this city. It is believed that she is still living there, and there are those who declare that Sheets has gone to seek her out, possibly in the insane hope of realizing in part the crazy dreams he so gorgeously etched in his many love-letters of a few months ago.

PAPERS TO BE DRAWN AGAINST EQUITABLE DIRECTORS.

**Atty.-Gen. Mayer Goes to Albany Today to Confer With Gov. Higgins, Ex-Gov. Odell, Supt. Hendricks and Party Leaders in Both Houses. Mason to Prepare Charges.**

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, June 25.—With Attorney-General Mayer and his deputies working over the evidence taken by Superintendent Hendricks of the State Insurance Department in his investigation of the Equitable Life Assurance Society, and District Attorney Jerome also investigating the Equitable, proceedings against the men who, Superintendent Hendricks says, accumulated profits for themselves at the society's expense, will be only a question of days. The Attorney-General and Alexander T. Mason, the deputy in charge of the former's office here, were in consultation today, and tomorrow Mason will begin the actual drawing of the papers against the directors who, it is alleged, profited from the syndicate transactions.

Attorney-General Mayer will tomorrow go to Albany, where he will have a long conference with Gov. Higgins, former Gov. Odell, Superintendent Hendricks and some of the party leaders in both houses of the Legislature.

### POPE TO RULE ROME.

**Holy Father Has Arranged a Plan That Will Enable Him to Get Away from Vatican.**

[BY DIRECT WIRE TO THE TIMES.]

ROME, June 25.—[Exclusive Dispatch.] His Holiness, Pope Pius X, has made up his mind at any cost to get out of the Vatican. It is said he has communicated his intention to the King of Italy, who has received it with every mark of approval. An intermediary had to be chosen to successfully bring about the realization of the Pope's plan. Emperor William II, who is only too pleased to play a leading role whenever he gets a chance, has offered his services as go-between for the sovereign and the Pope. It is understood from authoritative source that pourparlers have been entered upon. The plan would be for the King of Italy to maintain an executive sovereignty over Rome, but for the Pope to be declared the ruler. Thanks to this little combination, His Holiness can take a holiday by the sea if he wishes to and nobody can object. Just exactly what would be the effect of such a step on the prestige of papacy it would be difficult at present to state.

## CAPT. SALMON IN THE TOMBS.

SENSATIONAL CHARGES AGAINST HIGH-BORN ENGLISHMAN.

**Is Accused of Impersonating Capt. Osprey G. V. Spain of Canada and of Maintaining Marriage Relations With Mrs. Spain—Dr. Fulton Accused.**

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, June 25.—[Exclusive Dispatch.] Capt. Reginald Salmon, former wreck commissioner of Canada, cousin of Vice-Admiral Salmon, retired, of the royal British navy, and nephew of President Arthur Denny, Bart., is a prisoner in the Tombs.

This highly-connected Englishman is the central figure in a complicated and amazing scandal of international proportions, involving Hon. Raymond Prefontaine, Canadian Minister of Marine; Capt. Osprey G. V. Spain, the present Canadian wreck commissioner, and commander of Canadian cruisers, and his wife, Mary Beatrice Spain, was for years a leader of the government house, a secretary in Ottawa and a close personal friend of Lord and Lady Minto.

Mrs. Spain, who, months ago, left her husband under a formal, though secret agreement of separation, is in this city, living in poverty on Second avenue, while bravely concealing her misfortunes from distinguished friends and family connections.

He is charged under an almost obsolete section of Penal Code with impersonating Capt. Osprey G. V. Spain, and with maintaining marriage relations with the real Mrs. Spain in this city. There is a second charge against Capt. Salmon of an attempted illegal operation upon Mrs. Spain, and on this he is held, together with Dr. Andrew Fulton, a noted physician, to await the action of the grand jury.

## "TWENTIETH CENUTRY" NOW FLYING AGAIN.

[BY THE ASSOCIATED PRESS—P.M.]

NEW YORK, June 25.—The eighteen-hour running scredule for the Twentieth Century Limited between this city and Chicago, temporarily abandoned following the wreck at Mentor, O., will be restored tomorrow.

The following announcement was made by President Newman of the New York Central:

"The rigid investigation of the wreck on the Lake Shore road at Mentor, O., which has been made by the officials of the Lake Shore Company, and by the State Railway Commissioner of Ohio, who, with the Chief Inspector of Railways for the State, made a personal investigation at the scene of the accident, having shown conclusively that the accident was not caused by the speed of the train, it is now decided unnecessary to continue the slower schedule of the Twentieth Century train, the time of which was lengthened pending a thorough investigation of the cause of the accident. Its schedule of eighteen hours between New York and Chicago will be restored Monday, the 26th."

### NORTHERN PACIFIC CHANGES.

TRAFFIC OFFICIALS NEEDED.

[BY DIRECT WIRE TO THE TIMES.]

TACOMA (Wash.) June 25.—[Exclusive Dispatch.] By direction of James J Hill the traffic department of the Northern Pacific Railway is undergoing a thorough reorganization, and especially at this end. The reorganization will eliminate the somewhat antiquated methods by which important traffic matters arising on Puget Sound have been referred to Portland and then to St. Paul before action could be secured.

When J. G. Woodworth, assistant to Vice-President Miller of the Burlington, was made traffic manager of the Northern Pacific, it was understaad that he would at once carry out Hill's idea. After six weeks on the Coast, Woodworth has called a number of western traffic officials to St. Paul for further conference. The announcement is made that the position of assistant traffic manager will be created, with headquarters at Tacoma for the present, placing a traffic official with authority at this end. Who will fill this position is not yet announced, though it is expected it will be S. G. Fulton, now assistant general freight agent at the Portland office. Assistant Passenger Agent Charlton will probably be moved from Portland to Tacoma.

These changes will give the Northern Pacific a staff of western traffic officials similar to that of the Great Northern.

# CHIPS NUMBER TEN THOUSAND.

*Tales of Chopping Bee of the District Attorney.*

*Extensive Gambling Outfit up from San Pedro.*

*Amusing Features of Raid on Roulette Operators.*

Here's the roulette outfit that Deputy-District Attorney Fleming, assisted De La Monte and Deputy-Constable Jack Adams clipped out of San Pedro's amusement Saturday night.

The wheel itself, made of beautifully-polished wood, elegantly turned, accurately mounted and adjusted to mathematic fineness for its purpose, is said to be worth $200. There are poker chips, two or three tables, a faro double board, several decks of cards and a lot of chairs. To duplicate the outfit would cost $1,000.

The night raid stopped the wheel in the midst of a turn, and the players were left with their money in their hands.

There were two parties, of four each. Adams led one party, while De La Monte captained the other. There were forty-six people in the place, but scarcely had the officers entered when the dealers grew suspicious and made a move as if to close down.

Then DeLamonte snapped his fingers in prearranged signal—and every man sprang to a point of escape. Deputy Adams took the door, and the cowboys and town ruffians fairly fought over themselves to get at the one little deputy.

Then the cowboyish creature drew a long gun from the depths of his clothes and began to wave it terrifically through the atmosphere. Deputy Adams, who has lived long enough to know that a cannon with a fuse at the nether end of it is dangerous, hauled up his own artillery and presented arms.

The bad man from the mountain threw his weapon into a spittoon and himself under a table. Afterwards, when the exciting preliminaries were over, with a fine sense of economy got the range of him. He crept quakingly toward the cuspidor, burying his sense of delicacy for the moment, and fished out in the slime until he had recovered his property.

After all, the officers say that this was the richest thing in years. The starring feature was a Bret-Harte Chinaman, child-like and bland and wise as a serpent. He "no sabed" and declared that he had just dropped in to see the fun, but the law's representatives were on; when the blow was struck he had just won $9 by a clever play on the wheel.

Before the game was all over the Celestial's lucre-lust killed his caution, and he set up a Celestial howl that would outdo a banshee on fete day. He was booked along with the rest, and turned loose to pursue his wanton way.

Then there was another curiosity, a tourist provided with a month's savings in dollars. He, too, had won, just a few dollars, and when he realized that every penny of his money was an innocent he went pitifully, and in the most damned the gambling men with gorgeously brilliant assortment of profanity.

The spoils brought these habiliments of chance from San Pedro yesterday morning, having spent the night there holding them. The junk—that's what it is now—is on deposit in Justice Austin's apartments on New High street.

## DOUBT ABOUT THE TAG.

**Owners Question Meaning of Law Regarding Transfer of Numbers on Sale of Machine.**

Does the tag go with the machine, or the purchaser of an automobile already registered obtain a new one from the Secretary of State?

This question is puzzling persons who have purchased machines recently—individuals other than manufacturers or dealers and who are not sure as to the provisions of the law.

Secretary Fleming of the Automobile Club of Southern California also is in doubt as to the section of the law bearing on this question and has written the Secretary of State to enlighten him.

The law provides that, if a vehicle has been previously registered, the number issued thereon shall be returned to the Secretary of State and thereupon he shall issue to the owner a registration seal bearing the original number, the fee to be $1 instead of the $2 charged for the first number.

The vendor, except a manufacturer or dealer, is dequired to return within ten days after sale, the registration seal that was issued to him.

As no "certificate" is issued by the Secretary of State, there is some doubt as to what is meant by this term.

It is expected that Secretary Curry, in response to Mr. Fleming's request, will give a full explanation of the full intent of the law.

# SHE IN BLACK PUZZLES POLICE.

**MYSTERIOUS WOMAN PLAYED GAME ON MERCHANTS.**

**Scheme Was to Order Goods in Names of Well-known and Responsible Parties and Have Them Sent to Wrong Address—Tried It on the Boston Store.**

A mysterious woman in black, who possesses in addition to a fair share of good looks a voluble tongue, winning ways, and an inordinate desire for feminine finery at the expense of some other woman or a big dry goods store, is proving an enigma to the local police.

The identity of the woman and her present place of abode are two things the local sleuths would like to know, as she has the reputation of having turned several tricks recently which were so cleverly and successfully executed that the police are certain she is a crook of more than ordinary intelligence. By the use of her wits in impersonating well-known women residents of the city, the fair unknown is said to have swindled merchants indiscriminately, and to have secured goods valued at several hundred dollars without the expenditure of a cent.

Saturday afternoon the swindler barely escaped a trap set for her by detectives. She had purchased a bill of dress goods at the Boston Store amounting to $125, and had sweetly smiled on the clerk as she said: "I am Mrs. J. S. Chapman; just charge these to my account, please, and send them over to the Sun Drug Store at Second and Spring streets. I shall not bother you to send them to the house, as I can easily take them along in my carriage."

Then she swept out of the store, leaving the clerk speechless with amazement, for he happened to know Mrs. Chapman, and readily saw that the woman who had just purchased the goods was an imposter. The manager was notified of the transaction, and a trap was quickly prepared. The goods were sent to the drug store as ordered, but two detectives also went there and waited for the claimant to appear. Thought they waited all the afternoon and until the store closed at night, the woman did not come to claim her purchases.

The same game has been worked successfuly on other merchants by a woman answering the mysterious stranger's description, and it is thought she has swindled victims in other cities.

# WILL CABINET INVESTIGATE?

**DEMAND FOR PUBLIC HEARING IN JONES DISMISSAL CASE.**

**Representatives from Every Woman's Club in the City Will Attend the Woman's Mass Meeting This Afternoon at Club House to Outline Plan of Action.**

Will Mayor McAleer call for a public investigation of the removal of Miss Mary L. Jones from the position of city librarian?

If he does so, will the Library Board be empowered to conduct this investigation of their own act, or will it be carried on by the Mayor's "Cabinet," on which the Library Board has no representation?

Will the woman's mass meeting, to be held this afternoon at 5 o'clock in the Woman's Club House, do more than demand a rigid investigation of the charges on which Miss Jones was removed without a hearing? Or will this representative body of women—which, its leaders say, will be composed of delegates from every woman's organization within the city, as well as women acting as individuals—demand of Mayor McAleer that in addition to the proposed investigation of charges against Miss Jones, he summarily "fire" from the Library Board Messrs. Dockweiler, Wright, Trueworthy and Marschutz?

Yesterday was a day of calm before the outbreak of battle which is expected to take place today. On the side of the Library Board there appeared no new developments. Despite the fact that "Tossie" Wright's very own sister is the president-elect of the Friday Morning Club, which is savagely asking that he be led to the sacrifice; and also despite the fact that the wife of his bosom is put in the position of asking that Library Inspector Marschutz be made to walk the plank—even from these quarters there was no report of hostilities yesterday. Like the calm which spread itself out over the troubled waters when Admiral Dewey called his men from their fleet-destroying task in order to eat breakfast, the quiet of yesterday was portentious.

One prominent woman, an officer in a leading club, said last night: "There is not a woman in the Friday Morning Club who does not indorse this movement. It is a united stand, and we propose to make our influence felt. Of course, it is impossible to say just what such a gathering of women as that which will take place Monday afternoon will discuss; but it is certain that an investigation of the charges against Miss Jones will be demanded.

"I hardly think the women will ask for the removal of any members of the Library Board, but the subject will doubtless be discussed. One point that undoubtedly will come up is the suggestion made by Councilman Hiller that two library experts be secured by the city to make a rigid investigation into the technical part of Miss Jones's work. This would not be difficult to accomplish, as it is known that many librarians will be on the Pacific Coast during the next few weeks, in attendance at the Librarians' Convention at the Portland Exposition."

Director Dockweiler stated last night that each of the directors accused of unjust conduct by the women's clubs has received during the past two days many personal calls and telephone messages from members of these societies, who state that they are not in sympathy with the action of the clubs.

Mrs. Frank King, president of the Ebell Club, will preside at this evening's meeting.

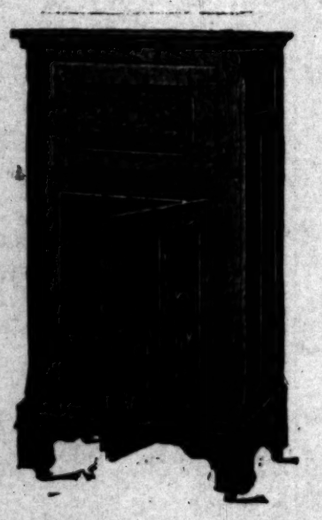
Don't You Need a New Refrigerator?



Don't fail to investigate the "ALASKA."

The Alaska Refrigerator is made from carefully chosen materials.

It is most scientific in its construction.

There is always a circulation of COLD, DRY AIR maintained in an Alaska. It is because of this reason that you can keep salt or matches in an Alaska and they will remain perfectly dry.

Alaska Refrigerators consume the minimum quantity of ice—and are, therefore, very economical to operate.

There is never a "musty" smell about Alaska Refrigerators. The air is always sweet and clean—because of the constant circulation above mentioned.

Alaska Refrigerators represent the best investment you can make—get an Alaska!

Notwithstanding the great merit of this refrigerator—the cost is no more than you would have to pay for inferior makes. Let us show you our line.

## Pen Points

It appears that Sweden has a Democratic party and it's for peace. That's no kind of a Democratic party.

If the yellow fever and the bubonic plague are going to hang on at Panama, perhaps it might be just as well to let the Japs dig the canal, after all.

The German Chancellor and the French Ambassador shook hands cordially in Berlin on Friday last. That makes things look bad again. Friday is an unlucky day.

Perhaps it isn't quite fair to call the beef trust's attorney a "beef lawyer," any more than it would be to apply the term to lawyers in general. Nearly all of them do more or less "beefing."

It is now claimed that the parliamentary machinery of the proposed Russian Gosudarstvennia Douma will be too cumbersome to be practicable. One would judge as much from the very name of the thing.

A bold sailor of Norway has put into New York harbor flying the new flag of the provisional government. But Uncle Sam couldn't recognize the flag—yet. The Norwegian sailor man is rushing the season.

Just as soon as it reached the ears of Her Sublime Majesty the Empress Tzi An that Gen. Homer Lea of Los Angeles was transforming the Chinese laundrymen of America into trained soldiers, something dropped.

Speaking of the wreck of the Twentieth Century Limited, Railroad Inspector Jackson of Ohio claims that fast trains are no more liable to accident than others. It may be so, but some of us are from Missouri.

Women are supposed to be even more superstitious than men, yet there are 900 women in Los Angeles who belong to a club that meets on Friday mornings. You might not believe this, but we can prove it by Isidore Dockweiler.

France reports herself ready for war. From what can be learned of Germany she is also ready. All that's now needed is for somebody to shoot off a firecracker, and you'll see the Rhine and the Seine running red with blood.

It is noted that while there are some Swedes who are hot for war, they are in a hopeless minority. The majority of the population of Sweden are one mind with His Majesty, the King—Oscar the Good, whose great soul and gentle heart are for peace. God bless the King.

The Polish Jew of the mimic stage, whose sole aim in life is portrayed as being the conduct of a small but peaceful second-hand store, and the Polish Jew of Lodz are two mighty different propositions. The red flag of an auction sale and the red flag of revolution tell different stories. Human nature is a baffling study.

Our advice to Kang Yu Wei, who is responsible for these Chinese military companies, is to keep away from Mandalay and all that country adjacent to the possessions of the Manchu dynasty. If he ever goes back he is liable to lose his queue and also that part of his anatomy to which said queue is attached.

Poor Poland—sad Niobe of nations—when will peace bless her unhappy history. Knee-deep in blood have her brave sons struggled through gory battles in vain. The spoil of greedy neighbors, the plaything of fate and the victim of untold cruelties at the hands of alien conquerors, her story is almost the saddest in the annals of nations. Must she now undergo renewed tortures, or is justice about to be rendered her at last

The Methodist missionaries in Japan state that destitution is widespread in that country owing to the war. The wolf is at the door of the wee bamboo huts, and the little wide-eyed children are crying for something to eat. In the meantime Oyama, Kuroki and the rest are brave with gold lace and brass buttons in Manchuria. Here we have the two sides of the picture. War is hell, and worse than hell. Will the world never learn wisdom?

In the great hurly burly and the mad rush of change and fortune, how happy are a few of the smaller nations, like Switzerland and Holland. Peculiar circumstances surrounding them have compelled the ever-jealous and warlike powers to hedge them in safely from the ceaseless clash of arms that has characterized the centuries. It is their good luck that this is the case, and doubtless the Swiss and the Dutch are duly thankful for it.

The railroads are straining every nerve to please the votaries of the strenuous life by putting on fast trains. But why don't they also try to cater to some of us who aren't in such a crazy hurry? If some railway will put into service a train which will jog along on a right of way at the rate of about twenty miles an hour, it would be patronized to beat the band. Give the wise men and the philosophers a chance for their white alleys.

## THE POLISH UPRISING.

Terrible scenes are being enacted at Lodz, the second city of Russian Poland. It contains a population of about 130,000, and is the seat of an active textile fabric industry. Being located near the German frontier, it has been subject to modern political influences, and the people, naturally excitable, have been worked up to a sort of frenzy respecting the Japanese War, the unfulfilled promise of a representative government, and a sense of wrong because their hopes are not realized.

The dispatches are somewhat conflicting in their tenor. In one paragraph we are informed that the Jews were prohibited from burying their dead, presumably from race prejudice, and it had to be done stealthily at night. In another sentence a dramatic scene is pictured of a Jewish maiden mounted on a box in the market place, addressing an immense crowd, and inflaming the populace to revolt, when a detachment of police appeared, fired a volley upon the youthful figure which is to go down to history as one of the martyred victims of a blood-drenched cause.

The earnestness and determination of the revolutionists are well shown in the incident where a bevy of children were "seen kissing red flags and heard swearing that they were ready to die for liberty." When the body of the people are worked up to that pitch of excitement it is very difficult to pacify and control them, and when order is superficially restored, the desperate purpose smoulders in their breasts, and the fires of insurrection are ready to again burst forth as soon as restraint is removed.

Poland has been bloody ground ever since, by the Tripartite Treaty of 1794, Prussia, Austria and Russia divided the territory of the once proud nation between them. The portions assigned to Prussia and Austria were so thoroughly incorporated into those states that the present generation has become quite well reconciled to its present nationality.

With Russian Poland, however, the case has been very different. At one time the Polish people had republican longings, and had even erected for themselves a short-lived republic. When, therefore, that segment of the nation which was assigned to Russia was deprived of all participation in the general government, and was placed under the rule of Russian officers, and was even compelled to have the school text-books and public documents printed in the Russian tongue, the yoke proved burdensome and oppressive, and frequent outbreaks and uprisings have marked their history during the past century.

It is reassuring to be informed that the government now disclaims any intention at the Russification of the people and their denationalization as Poles. To be sure this announcement comes rather late, and after serious internal conflicts had been repeatedly precipitated, but if the government now acts in good faith, and we believe in the good intentions of the Czar, a pacification of the disturbing elements may be brought about and order and tranquillity restored.

## THE BREAK OF BEMIS.

A countryman of ours, sailing under the plain American title of A. J. Bemis, is now in Nova Scotia, and, according to this journal's Ottawa correspondent, Mr. Bemis has made a break. He has riled up the Nova Scotians and all the other subjects of our fellow sovereign, King Edward VII, by making some remarks concerning His Majesty, which, we must admit, were ill-mannered.

Of course, it may be offered in extenuation that Bemis was sore, for, it appears that he was being bothered by the process of laws that are different from the laws in this country. It may be also that he had taken a drink or two of Novia Scotian bug juice with the result that it inflamed his imagination. But, whatever the cause, it appears to be true that he delivered himself of some very acrimonious observations.

Bemis said: "I am a Yankee, and I am proud of it." Now, that was all right. Nobody could take exception to that. It is a great thing to be a Yankee, and a man who is one should certainly be proud of it, and should not hesitate to say so. He then went farther and said: "We licked the British once and we can do it again." This also might be allowed, except that Bemis is a little short on history. As a matter of fact we "licked" the British twice. Whether or not we could do it again is neither here nor there, but it is our opinion that we could. Therefore, up to that point, Bemis played safe, and his fielding was faultless.

But the next time Bemis opened his mouth he put his foot in it, sure. He said he'd like to have "King Edward stuck on the wall so he could take his picture." There's where Bemis and good manners parted company. That utterance was uncalled for. King Edward is a nice man. We have the word of John L. Sullivan and many other eminent Americans for it. The chances are he doesn't know Bemis and never laid a straw in his path. King Edward is a gentleman, "the first gentleman of Europe." We have no grouch against him, at all. He is a thoroughbred. He is devoid of hatred, and even parted with his vermiform appendix with the utmost good humor.

The trouble with Americans, like Bemis, is that when they go to Canada, or Mexico, or other foreign places, they carry chips on their shoulders and are always looking for a fight. They object to other people's customs and manners, and even their language. They use insulting epithets about flags and coats of arms, and seem surprised that the people in whose country they are, should resent this boorishness. Americans have been known to kick hack drivers in Mexico, because the hack drivers couldn't or wouldn't speak English, preferring or being compelled, as the case might be, to use the language of their country. It is things like that sometimes cause Americans to be disliked when they go abroad. None of us should be guilty of the kind of breaks that Bemis made. There is always a safe rule to follow, which is, "When you are in Rome, do as the Romans do."

## THE DEVIL'S WHITE FLEET.

With roaring, grinding and crashing,
The Prince of the frosted air,
Slid from their glittering ways a fleet
Of icebergs stately and fair.

He gave them the push of a mighty breath;
"Sail South," said he, "and wait
At the 'roaring forty' line for the ships
That are loaded with human freight,

"And sink them there to the soundless sea,
Hull—mast—and sail—and then
Trail back to the line to shout with me
Our victory over men."

The fair white fleet bore stately on,
And without sound or sign,
With batteries masked and pennants down,
Ranged at the "forty line."

And then—since hull and icy spar
Would show through the darkest night,
They breathed one breath and a mist swept low
And veiled them out of sight.

Silent and grim and deadly there,
They wait on the vessels' track;
Their allies—the crouching waves around—
Curl menacing and black.

Three sailor lads from the swinging bow
And three from the crow's nest peer,
While the captain stands on the bridge—his hand
On the call to the engineer.

"Slow down—dead slow—halt—and reverse!"
Come the orders swift and clear;
While the great ship drifts on a drifting tide,
In a mystery of fear.

A volley from man's ally—the Sun—
And from God's wind a breath—
Shattered the mist! the fleet revealed
In its battle line of death!

Signals the captain, "Full ahead!"
The billows backward fly.
The good ship takes the broad sea road—
"Fair keipies of hell, good-by!"
—[Charles Lemuel Thompson in The Independent.

She is a resident of Chicago.

The Princess of Wied, who is a prominent figure in the court circles of Berlin, and whose husband is in the line of succession to the throne of Holland, has the curious hobby of buying all the ill-used horses that come to her notice and gives them the benefit of a stay in her well-appointed stables, which they usually leave in excellent condition.

# At the Churches Yesterday.

### Normal Baccalaureate.

DR. JESSE F. MILLSPAUGH, president of the State Normal School, delivered the commencement sermon before the graduating class yesterday morning at the First Congregational Church. The normal students occupied seats in the body of the church, and on the platform were the board of directors. The pastor emeritus of the church, Dr. W. F. Day, made some introductory remarks, and then Dr. Millspaugh spoke on the subject: "Selfhood Through Service," taking his text from Matthew xvi, 25: "For whosoever will save his life shall lose it; and whosoever will lose his life for my sake shall find it."

The speaker brought out the point that we are living in a restless, stirring, throbbing world, where repose is never known, and that everything has a dual nature—the real and that not yet attained. Nowhere do we find satisfaction and perfect content in the created world; everything is striving continually toward its ideal, its perfection, in plant and in animal life. This struggle toward development is not merely the circumstance connected with life—it is life itself. Man alone, in the animal life, shows his kinship to God in his ability to use his faculties; to be human is to postulate some idea. The little child imitates his father; the ambitious student conceives his ideal scholar—a man of culture—and presses toward the mark of the prize. Men in business are in pursuit of some ideal as an ultimate aim; some selfhood is consciously or unconsciously the goal of all human thought, and every man progresses toward that selfhood that he has projected for himself. The possession of faculty implies function throughout the realm of created things; powers are not given without purpose, and the elemental struggle of men is a part of God's design for every human being. Contentment means retrogression and atrophy. "Be ye therefore perfect" is the divine injunction which points out the pathway and declares the goal of life; to neglect and disregard it is to choose death, to regard it is to find life in its completest sense, which is something more than mere existence. To become that which God intended us to be is the chief end of life. When Christ uttered the words of the text, "Whosoever will save his soul shall lose it." He did not cast an aodium on natural life, but rather emphasized the subordination of the lower to the higher by the paradox. He saw life clearly, and He saw it whole. He did not condemn material good, but subordinated it; a higher step must be taken, and the real meaning of the text, interpreted by Himself, is the life of self hidden in service. The literalness of interpretation sometimes obscures the truth of the gospel message. He who is enamored of the present life can never really know its significance and purpose; he who loses it in helpful effort makes it the ladder by which he rises to the ideal. The principle is true, because it is the corner-stone of the social order He came to unfold and emphasize.

Everything exists through another. In plant life and in animal life, service rendered to their kind is the principle of development. The family, the community, the State, the nation, the brotherhood of the world are all divine organizations by which God calls individuals out of the lower into the higher self. Life becomes broader, fuller, more abundant in proportion as it mingles with and helps others. Generous service develops many-sidedness; the man or woman adds to his own strength that of every one he serves, and life becomes more fragrant, more complete. The meeting of responsibility implies development, power and strength; service makes men and women of heroic mould, who take on dignity and ability before our eyes. The same energy expended on self gives no return; egoism, selfishness, misanthropy makes men move in small circles, for self-seeking cannot develop nature or expand the soul. It is not by what we keep, but by what we spend, that we grow. The life that is forever losing itself, merging itself in heroic self-effacement, is the ennobled, transformed character. That service which most honors God is that which lies just at our hand, unconscious service that interweaves itself with daily life—much of it drudgery, but it matters little what its specific nature; "they also serve who only stand and wait." When we forget self and act the brotherly part, speak the neighborly words and do the friendly deeds, we lose our life for His sake.

In conclusion Dr. Millspaugh addressed a few earnest words to the class, emphasizing the lofty and unselfish purpoze which brings to fruition the noblest qualities of life.

### Talmage's Independence Sermon.

An Independence Day sermon was that which was preached last evening by Rev. Frank DeWitt Talmage, in his church at Twentieth and Figueroa streets.

Rev. Talmage drew some object lessons from the famous declaration of equal rights made on July 4, 1776, and applied them to latter-day conditions. In his discourse the minister said:

"The strength of our present government is due to the fact that it tries to be just to all its people, irrespective of class. 'Ours is a government,' said Theodore Roosevelt in a recent speech, 'of liberty through and under the law. No man is abive it, and no man is below it. The crime of the cunning, the crime of greed, the crime of violence, all are equally crimes, and against them all alike, the law must set its face. This is not, and never shall be, a government of the plutocracy or of the mob. It is, as it has been, and as it will be, a government of the people, including alike the people of great wealth, of moderate wealth, the people who employ others, the people who are employed—including them all, protecting each and every one, if he acts decently and squarely; and discriminating against anyone, if he does not act squarely and fairly, if he does not obey the law. While all people are foolish if they violate the law, or rebel against it, wicked as well as foolish, but all foolish, yet the most foolish man in this republic is the man of wealth who complains because the law is administered with impartial justice.' May God always continue to give to us for the office of Chief Executive, men who are Presidents of the whole people, who will see that the government is not a Wall-street hireling, or a gigantic monopolizing trusts' employé; who will protect rich as well as poor, black as well as white, Jew as well as Gentile, woman's virtue as well as man's honor; who will not cringe to a class, but who will protect and guide all honest people alike!

"Reading between the lines of this immortal document, I see in it the evidence of God-given courage. There is a solemnity and a heroism in its utterances, which come only from faith in God, and dependence upon Him. The men who signed this paper were brave men. The last few words which Thomas Jefferson wrote at the end of the last page, indicate their courage. 'And for the support of this declaration, we mutually pledge to each other our lives, our fortunes and our sacred honor.' They pledged their lives. Each man knew that the signing of this document, which, a few hours later was publicly read by John Nixon, from the balcony of the State House, made each one of the signers a traitor in the eyes of England, and a fit subject for the gibbet and Tower Hill. Yet when John Hancock knew that he might be signing his own death warrant, he picked up his pen and wrote in large, bold letters his name, 'John Hancock;' then as he put down his pen, he remarked, 'There is my name in letters so large that King George will be able to read them without spectacles!'

"The God who heard the pleading of the Israelites in the wilderness heard the prayers of that Continental Congress. In His providence England was not left free to use her strength in crushing the infant nation. The life and death struggle in which she had to engage nearer home curtailed her power, and to that fact, due to the overruling mercy of God, our forefathers owed their success. Oh, my fellow-countrymen, let us on this anniversary exercise the faith that our fathers had in the God of nations. May we continue to pray as our ancestors prayed in 1776, and in 1812, and in 1861. May we feel as a nation that our God is a prayer-answering God, and that He will listen to our petitions, whether lifted in church pulpit or in the legislative hall."

### Rev. Baker P. Lee.

Rev. Baker P. Lee held the absorbed attention of a large audience of women yesterday afternoon at the final vesper service of the season, when he spoke at the Y.W.C.A., taking as his topic the Bible and its wonderful message to mankind.

In beautiful language he rapidly painted a series of word pictures of the Bible, beginning with Genesis, passing into the music-room of the Psalms, the business house of Proverbs, the chapel of Ecclesiastes, pausing there to listen to the preacher whose theme is "vanity of vanities; all is vanity," and out into the conservatory of the Song of Solomon, standing for a moment in the observation room of the prophets, the audience chamber of the gospels, the Acts of the Apostles and finally into the throne room of Revelations, this marvelous and picturesque orator led his listeners in charmed attention till he passed out with them and stood beside the cathedral of God's word in its courtyard and told of the words of St. Paul.

"Unless we have the personal idea of Jesus Christ our religion, whatever we may call it," he said, "is nothing better than the religion of Plato. If we eliminate Christ from the scriptures there are other religions that are equal to ours. The Bible goes back to the beginning and forward to the end; it appeals to all races, conditions and climes all over the world. It is the greatest literary library in the universe. Jesus Christ never wrote a book. He never formulated a creed and yet millions are ready to follow Him. It is not the historical Christ, or the poetical Christ or the theological Christ, but the personal Christ who is our real friend and guide and Savior."

He concluded his eloquent delineation of the Bible by a strong personal appeal to the young women on the dignity of life and its meaning. "You may think you are not in the lime light," he said, "thank God that you are not; it has its trials and perplexities, believe me. There are no small things, no menial things in God's sight. He has given you a work that no one else in all this world can do."

During July and August the usual Sunday afternoon vesper service will be suspended. Occasional informal services of a similar nature will be held at the Adelphian Club House at Ocean Park during the summer where many of the Y.W.C.A. girls will congregate for vacation time.

### Believing and Having.

Yesterday morning at the First Christian Church Rev. A. C. Smither preached upon "Believing and Having," from the words: "But these are written that ye may believe that Jesus is the Christ, the Son of God, and that believing ye may have life in His name." He said in part:

"The gospels of the New Testament deal with one surpassing theme which is the life, the words and works of Jesus Christ. They maintain a marvelous consistency in all their accounts of His matchless career and character. That this wonderful life might reach all subsequent generations a record of His career was left upon the sacred page.

"This record centers upon the person of Jesus Christ. He is the object of our faith and life. He is the center of our religious system and from Him we gather all our inspiration and power for right living. He reveals God and uplifts and ennobles man. He interprets God and man and declares their marvelous likeness and affinity each for the other. He is the Jacob's ladder connecting earth and heaven. He is proved to be the Christ, the long-expected Messiah and Deliverer of the Jews. He was the fulfilment of their types and symbol of their prophecies and expectations. He was more: He was the Son of God. Men may become the sons of God by adoption through Him. He is the very Son of God by descent, by nature and by inheritance. We come into the inheritance of the riches of grace only as we obtain them through Him. As the Son He represents God's interests in the world. He is Minister Plenipotentiary among the creatures of God.

"By these written words of scripture men are to be made believers in Christ. This rests at the very basis of men's religions. Faith is the substratum of conduct and character. As a man thinketh in his heart so is he. What a man believes is vital and preeminently important. Man's faith in Christ is fortified by all the possible evidences of His divine nature and character. When men thoroughly and fully believe in Christ then are they prepared for the richest and rarest experiences of Christian life and service.

"Following upon belief in Christ and growing out of it is the possible possession of eternal life. This is secured to man by faith in and obedience to Christ. Faith is the gateway to all true possessions. Obedience to God in His requirements of man grows out of faith in Him and is only secondary in its importance to faith. By faith in Christ men arise to their highest aspirations and appropriate the spiritual powers and possibilities. In Christ men may have eternal life which is a present possession. It is the first inheritance of sonship, for he that hath the Son hath eternal life. Christians are today inspired by the life of God in them. They are the means of the expression of eternal life in the world. The riches of grace here are only a faint foretaste of the fullness of love to be experienced in the fuller and richer life in the future world."

### English Roads.

What good roads they have in England! Look at the piles of broken stone for repairs, stored in little niches all along the way; see how promptly and carefully every hole is filled up and every break mended, and you will understand how a small beast can pull a heavy load in this country, and why the big draft horses wear long and do good work. A country with a fine system of roads is like a man with a good circulation of the blood; the labor of life becomes easier, effort is reduced and pleasure increased.—[Scribner's Magazine.

### Lithium and Monazite.

SAN FRANICSCO, June 7, 1905.—[To the Editor of The Times:] Will you favor me with a copy of the analysis of California amblygonite and names of minerals carrying lithium. I also request some information on the valuable mineral monazite. Yours truly,
DR. J. C. D.

ANSWER: Amblygonite, resembling a variety of white quartz, in appearance, is found in great quantities with lepidolite (lithia mica) near Pala, Cal. Lepidolite carries, approximately, 5 per cent. of lithium oxide. Samples of amblygonite obtained from Dr. Stephen Bowers (locality stated) analyse as follows: Lithium oxide, 4.30; phosphorus pentoxide, 46; alumina, 32.50; lime, 1.50; fluorine, 2.50; potash, 1; soda, .50; silica, 2.50; loss on ignition, 5.20—100 per cent.

Spodumene, white, in immense crystals (some ten feet in length) resembling stalacmite of caverns and caves, is obtained from the Bob Ingersoll and Etta mines, South Dakota. From the locality (near Keystone) it is shipped by rail to Jersey City, N. J., where it is treated chemically and from thence shipped to Europe for final treatment of values. Practically, the minerals named are the only valuable commercial ones. Ambiygonite is a lithium phosphate. Ground up and chemically treated it would make one of the finest phosphates in the world for use as a fertilizer. There is a good opening for someone to manufacture the product and in time big sales would be made to farmers, truck gardeners, etc.

One of the best papers on monazite ever written is that of Dr. Joseph Hyde Pratt, "Mineral Resources of the United States, 1903, under title, Monazite and Zircon," appears much of the following: Monazite and zircon are mined for similar purposes—that is, for the rare earth oxides which they contain. The oxides obtained from these minerals are used in the manufacture of mantels for various incandescent lamps and of the glowers of electric lamps. The production of zircon is very small, and represents but a small percentage of the total production of these two metals. The demand for monazite is increasing, although there is not a very large increase in the yearly production. Formerly all of this mineral produced was consumed in this country; now a considerable portion of that mined is exported. . . . Monazite, which is essentially an anhydrous phosphate of the rare earth metals, cerium, lanthanum and didymium (note that the latter element is not set forth in the late international list of atomic weights and probably is a mixture of neodidymium and praseodidymium) usually contains a small but varying percentage of thoria. It is the presence of this latter oxide that gives the monazite its commercial value. There is a very wide variation in the percentage of thoria found in monazite, but the commercial monazite that is put on the market contains from 3 to 9 per cent. of this oxide. The thoria, together with very small amounts of lanthanum and didymium (?) oxides, is used in the manufacture of the cylindrical hood or mantle of the Welsbach and other incandescent gas lights. The cerium oxalate, obtained in the separation of the ceria from the other oxides, is used to a limited extent in pharmacy.

Monazite varies considerably in color, being light yellow to honey yellow, reddish, brownish and yellowish green, and having resinous to vitreous luster. It is brittle, breaking with a conchoidal to uneven fracture; and is from 5 to 5.5 in hardness. The mineral is heavy, having a specific gravity of 4.84 to 5.3. By means of its color and specific gravity it can usually be readily identified. Its identification by the means stated is easy enough for those familiar with the multi-colored grains of the mineral, but when one has to deal with such colors as red-hyacinth, clove-brown or brown-yellow it is well to add a further description. Monazite is monoclinic, usually, in crystallization. In habit, small (rounded) flattened prisms, sometimes cruciform. Massive in structure in brecciated fragments or grains. B.B., infusible. Very difficult to obtain a solution with hydrochloric acid. In the flame it "turns gray, and moistened with sulphuric acid colors flame bluish-green." A yellow bead is obtained with borax while hot, which becomes colorless when cold. Found associated with red feldspar, gadolinite, tourmaline, microlite, rutile and spodumene. Monazite should be found near Pala, San Diego county.

"The commercial deposits of monazite are not found in the original rocks, but in the gravel deposits of the present and former streams, which have resulted from the disintegration and erosion of the crystalline rocks that contained the monazite. These rocks have been altered and decomposed to a considerable depth, so that at the present time they are in a state of constant erosion; and their mineral constituents, monazite, sircon, magnetite, etc., are being deposited in the soils and gravels. This is going on to such an extent that even after the soils and gravels have been once worked for monazite they may be rewashed at the end of a year and may prove to be profitable sources of monazite."

The chief supply of monazite is obtained from South Carolina and North Carolina by means of sluice-boxes. Prospectors, in either State, first pan the dirt, and owing to its sp. gr., monazite holds back with other concentrates. While monazite is a comparatively heavy mineral, it has not the high sp. gr. of the ores of tungsten, lead, and so on.

"The total production of monazite in 1903 was 862,000 pounds, valued at $44,-630, which is an increase of 60,000 pounds in quantity and of $470 in value, as compared with the production of 802,000 pounds, valued at $44,160 in 1902. This quantity represented sand, containing from 4 per cent. monazite. This was from about 1,500,000 pounds of stand, as taken from the which is the material that the the magnetic separators. ceived for this crude sand individual miner varied cents per pound, according centage of thoria that it far the larger production was from North Carolina county leading in the value of its production."

In the table of productio site it is noted that in 1 $7400 was the total value banner year, the product valued at $137,150.

## WANTED—Partners.

WANTED—A PARTNER WITH GOOD BUSIness ability to manufacture a new irrigation system. It is no underground irrigation system, or nonsense like it—a practical, greatest labor machine ever invented for the farm and garden trucks. It is in full share of the inventor's hand, covered with two United States patents and another pending. The expense, $60 acre and royalties, easily doubled. No wear out or complication with it; was successfully used last year, and improved. The biggest yield will be received; 12,000 gallons of water to the acre. The secret of the machine is avoiding baking the ground and not letting the weeds come up near the plants. The model irrigation machine can be seen here in city. Call at ST. ELMO HOTEL, N. ## FOR SALE—
### Country Property.

FOR SALE—BARGAIN! BARGAIN!
10, 15 OR 20 ACRES.
We have for sale the cheapest high-grade ranch property on the Los Angeles market. Location is 2½ miles north of Hollywood, and within 9½ miles of Courthouse, Los Angeles. The soil is a magnificent sandy loam, and cannot be surpassed in Southern California for growing alfalfa, walnuts, berries, potatoes or any other kind of vegetables. Will average over 12 tons of alfalfa per acre per season, and will run $150 per acre in potatoes. Adjoining properties run from $175 to over $200 per acre. You have the advantage of being close to the Los Angeles market, have the best of soil, and plenty of water at a depth of 20 feet. Price only $150 per acre. A decided bargain at this figure.
Also 40 acres of good soil at Burbank, 12 miles from Los Angeles. This land lies level, is on the main road, and would make a fine alfalfa ranch. The new electric road runs into Burbank, which is now a certainty; will double the value of this 40 acres within one year. It is now for sale at $125 per acre than any other land in the vicinity. Price only $90 per acre. Investigate these bargains before buying.

**New Pitcher Wright from Cleveland Performs Well in Morning Contest and Tozer Shows up in Afternoon to Lose Long Game—Tigers Win Again from Poor Oakland.**

[BY THE ASSOCIATED PRESS—P.M.]

SAN FRANCISCO, June 25.—The final of prolonged contests between the San Francisco and Los Angeles teams was fought this afternoon with a sixteen-inning game, in which the local players secured a hard-fought victory. At the opening of the last half of the ninth San Francisco made a run and tied the score. Neither side for the next six innings could get a man around. In the first half of the sixteenth Wilson of the home team, hit for a single, was forced at second by Shea, who advanced on Whalen's single. Tozer hit to Flood, who threw the runner out at first and Dillon returned the ball to Brashear, but it was muffed and Shea scored. The game was full of sensational plays. Tozer, the new Los Angeles pitcher, made a good impression under his trying ordeal. Williams pitched thirteen innings for San Francisco and Whalen occupied the slab for the balance of the game.

In the morning game the errors of San Francisco, coupled with timely hitting, gave Los Angeles the game.

### TIGERS EAT 'EM UP.

**SIX RUNS COME EASY.**

[BY THE ASSOCIATED PRESS—P.M.]

TACOMA, June 25.—The morning game was postponed on account of wet grounds, but in the afternoon Tacoma took an easy victory, bunching hits on Hogan in one inning. An error robbed Thomas of a shut-out. Sheehan made the most marvelous catch seen this year. Devereaux and Van Haltren were used and Lohman had to retire because of a split finger. Score:

Oakland, 1; hits, 8; errors, 1.

Tacoma, 6; hits, 9; errors, 1.

Batteries — Hogan, Lohman and Smith; Thomas and Graham.

Umpire—Bray.

**Rain Prevents Game.**

PORTLAND (Or.) June 25.—Portland-Seattle game postponed; rain.

### STATE LEAGUE BALL.

**FRISCO'S EASY VICTORY.**

[BY THE ASSOCIATED PRESS—P.M.]

STOCKTON, June 25.—Stockton won from San Francisco State Leaguers this afternoon, making four runs in the second inning on hits and errors of the visitors. Score:

Stockton, 6; hits, 9; errors, 2.

San Francisco, 2; hits, 8; errors, 3.

Batteries—Ingalls and McMurray; Kelly and Conrad.

### POLICE LOSE.

**LIONS GET VICTORY.**

The police team ran up against the real thing again yesterday and had but little trouble in getting themselves defeated by the crack Lions, the score being 11 to 6, the game being played at Chutes Park in the afternoon. It was a very good contest, and the police certainly did well to keep the score as low as it was at the finish, as the Lions are very hard to beat, the game yesterday being their nineteenth straight victory. The features were the all-around good playing of the winners; a home run by Held of the cops over the center fence and the pitching of Cop Whalen, who fanned out twelve men. The batteries were Bob and Babe Whalen for the police and Ferraris and Pete Mangerina for the winners.

### BENEFIT GAME.

**DATE IS CHANGED.**

The Tim Flood benefit game that was set for next Sunday at Chutes Park, has been postponed until Sunday, July 9, owing to the fact that Jim Jeffries cannot be here next Sunday to furnish the boxing part of the game. He has accepted an offer to referee the Hart-Root fight at Carson July 3, and if he stayed here next Sunday he could not reach the battleground the next day. Holders of benefit tickets will have a chance to use them July 9, as they will be good for the game then.

### AMERICAN LEAGUE GAMES.

**ROCKENFIELD'S GOOD WORK.**

[BY THE ASSOCIATED PRESS—P.M.]

ST. LOUIS, June 25.—St. Louis signalized its return home from a disastrous trip by outplaying Detroit in every branch of the game, winning 8 to 1. Rockenfield, in the fifth inning, with no one on bases, stole third and a moment later came home. Attendance 3200. Score:

St. Louis, 8; hits, 12; errors, 1.

Detroit, 1; hits, 6; errors, 2.

Batteries—Pelty and Weaver; Ford and Doran.

**ALTROCK VICTORIOUS.**

[BY THE ASSOCIATED PRESS—P.M.]

CHICAGO, June 25.—Chicago defeated Cleveland here today in a batting game score 8 to 2. Altrock pitched in fine form. A home run by Isbell and a jumping catch by Dundon were the features. Attendance 2300. Score:

Chicago, 8; hits, 11; errors, 0.

Cleveland, 2; hits, 7; errors, 2.

Batteries—Altrock and McFarland; Bernhard and Bemis.

### NATIONAL LEAGUE GAMES.

**CHICAGO HAS PICNIC.**

[BY THE ASSOCIATED PRESS—P.M.]

CHICAGO, June 25.—Chicago had a picnic with Cincinnati's pitchers today, every man on the team hitting safely and scoring. Harper probably received the hardest punishment of the season in the fifth inning. Attendance 11,500. Score:

Chicago, 18; hits, 20; errors, 0.

Cincinnati, 2; hits, 7; errors, 5.

Batteries—Weimer and Kling; Harper, Hahn and Schiel.

Umpire—Klem.

**THIELMAN HIT HARD.**

[BY THE ASSOCIATED PRESS—P.M.]

ST. LOUIS, June 25.—Pittsburgh batted Thielman from the box in the first inning today, scoring four runs on triples by Clark, Beaumont and Wagner, and singles by Howard and Clancy. Attendance 8100. Score:

St. Louis, 0; hits, 4; errors, 1.

Pittsburgh, 5; hits, 10; errors, 0.

Batteries—Thielman, McFarland and Wagner; Case and Peitz.

Umpires—O'Day and Bauswine.

### NO SUNDAY BALL.

**POLICE PREVENT SPORT.**

[BY THE ASSOCIATED PRESS—P.M.]

BROOKLYN, June 25.—There was no professional baseball played here today, although the game was scheduled for the New York and Brooklyn National clubs at Washington Park. The police edict prevented the game.

### JEFF TO REFEREE.

**WILL CONFER HEAVY TITLE.**

[BY DIRECT WIRE TO THE TIMES.]

RENO (Nev.) June 25.—[Exclusive Dispatch.] James J. Jeffries, retired champion heavyweight pugilist of the world, will referee the Hart-Root fight to take place in Reno next Monday afternoon. At that time he will surrender his present title and confer it upon the winner of the finish fight to be held here. This mooted question was settled tonight when Promoter Egan received an official message direct from the headquarters of Jeffries at Catalina Island. The message reads that the offer to come to Reno has been accepted, and that Jeffries will start for the Sagebrush State next Thursday morning. He is expected here not later than Saturday morning.

### GAMBLING IN MISSOURI.

**FOLK WILL PREVENT IT.**

[BY DIRECT WIRE TO THE TIMES.]

ST. LOUIS (Mo.) June 25.—[Exclusive Dispatch.] Gov. Folk tonight expressed his settled purpose to stop race-track gambling in St. Louis county. What definite steps he will take the Governor declined to state, but he referred inquirers significantly to an opinion he has seured from Frederick N. Juddson, the well-known legal authority, on the powers and rights of the Governor of the State in the matter of calling out the militia.

### Minor Baseball.

On the Seventh-street grounds yesterday the Home Ice defeated the Morgan Oyster club gy a score of 5 to 4. The batteries were Reger and Birdy and Briello and Jagou.

The Hinds & Gentry team beat the Southern California Printing Company team yesterday morning at Chutes Park by a score of 10 to 2. The batteries were Brock and Lyons and Lamb and Fredericks.

The heavy batting of Harrigoyen was the feature of the game yesterday between the Forest Heights and the Admiral teams, which the former won by a 5 to 3 score. The batteries were Kutz and Harrigoyen and Johnson and Woodward.

The Boyle Heights Stars had an easy victory yesterday over the Los Angeles-Pacific team on the railroad grounds at Santa Monica, the score being 10 to 2. The batteries were Woodbury and Proctor and Prager and Colbath. Three hits were made off Woodbury and twelve off Prager.

The Entenmanns beat the Brooklyn Heights Stars yesterday morning by a 7 to 4 score and then in the afternoon won a return game by 9 to 0.

The Pacifics, formerly known as the Nadeaus, defeated the Co. F team of the Seventh Regiment yesterday morning at the Seal Garden grounds by a score of 17 to 1. The batteries were Bosshard and Long and Ferguson and Fisher.

The Poverty Flats club made its début yesterday morning on the grounds at Fourth and Mott streets on Boyle Heights and easily beat the Cornwall Stars by a 11 to 4 score. The batteries were Save and Sheeney and Wirshing and Pina.

The Reliance baseball team defeated the Southern Pacific nine yesterday morning in a close game played on the Echo Park grounds by a score of 8 to 5. The features of the game were the batting of De Normandy and the fielding of Dunn. The battery for the victors was Haight and Bolin.

## FOOTBALL NOT MUCH CHANGED.

### RULES COMMITTEE MEETS AND DOES BUT LITTLE.

**No Alteration in Downs Distance, or in Placing of Men in Line—Forward Pass Frowned Upon, and Ends Kept With Center—Coaching—The Changes or Detail.**

Lovers of football who expected the Rules Committee to take some drastic action toward opening up the style of play are likely to be disappointed in the five changes made in the regulations of gridiron sport by Walter Camp and his associates a few days ago.

Notwithstanding the fact that Camp of Yale and W. T. Reid of Harvard were understood to be committed to the "ten yards in three downs" plan, no such innovation was effected, the alterations being decidedly conservative.

John C. Bell of Pennsylvania, A. A. Stagg of Chicago and J. B. Fine of Princeton, equal members on the Rules Committee, opposed so vigorously the change suggested by Camp that it was effectively sidetracked, and nothing took its place.

The phenomenal showing of the light Pennsylvania team last season when it went through the "big six" undefeated and unscored upon was the chief argument advanced by opponents of the ten yards proposition, and it was decided that if Penn. could play open and spectacular ball so successfully with light timber, the other colleges could do so too by the same application to football principles.

Likewise, nothing was doing on the "forward pass" proposition, which at best seemed a hazardous experiment. It was suggested, but must lie dormant a year at least.

The putting of line men further apart and the moving back of the secondary defence were shelved for the same reasons that overthrew the ten yards scheme.

Here are the changes in full, excepting a few minor details that are yet to be settled:

1. The line of scrimmage must be straight, the ends not being permitted to be in advance of the center.

2. To prevent the stealing of the ball, the official shall blow his whistle, ending the play as soon as the progress of the ball is stopped.

3. No coaches shall be allowed on the field of play. In addition to the players and officials, the only persons allowed to enter the gridiron shall be an incoming substitute or a trainer in case of accident.

4. The captains may ask for the time remaining to be played, but the official may only give it approximately. In the last five minutes the official shall grant this request but three times.

5. The penalty for side line coaching shall be set back the offending team ten yards, instead of five, as at present.

### BICYCLING.

**RENO FIRST AGAIN.**

[BY THE ASSOCIATED PRESS—P.M.]

RENO (Nev.) June 25.—In the presence of an immense crowd the Reno wheelmen lowered the colors of the New Centurys of San Francisco in an exciting fifty-mile relay race here this afternoon.

The California team held its own until the fourth relay when Carter of the Renos, in a remarkable spurt, pulled away from Bailey of San Francisco, finishing his relay nearly one-eighth of a mile in the lead.

Mainland of the Centurys rode the fastest mile, covering the distance in 2:20. The best five miles was made by McKenzie of Reno, time 12:30.

### LICENSE FOR SLOAN.

**KEENE TO BE LENIENT.**

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, June 25.—[Exclusive Dispatch.] Within three weeks Tod Sloan will again be sporting silk on the New York tracks. James R. Keene believes Sloan has been punished sufficiently for any indiscretion in England, and will support his application for a license. Keene has been largely responsible for Sloan's banishment. With his opposition withdrawn, Tod is certain to be reinstated.

### HART AND JEFF.

**ANOTHER PIPE DREAM.**

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, June 25.—[Exclusive Dispatch.] Eastern fight experts are of the opinion that Marvin Hart will knock out Jack Root in their finish fight at Reno July 3. Should he do so a challenge from Jeffries for heavyweight championship will not be refused. Hart is believed to be the one man who stands a chance of giving Jeff any kind of an argument.

### YACHT RACING.

**EMPEROR'S BOAT BEATEN.**

[BY THE ASSOCIATED PRESS—P.M.]

IMPERIAL YACHT CLUB, KIEL, (Prussia) June 25.—The German yacht Hamburg today defeated Emperor William's Meteor III over a thirty-three-knot course by nearly 6 minutes. The time of the Hamburg was 3:21:47, and that of the Meteor was 3:27:35. Emperor William, with a large party, was on board the Meteor III.

Prince Henry of Prussia sailing the Orion, beat Henry S. Redmond's Alisa. The time was:

Orion, 3:34:47; Alisa, 3:36:44.

Among the small-raters Robert W. Goelet's Swan again came in first, being eleven seconds ahead of the Capri in a spirited finish.

C. W. Watjens's American-built yacht yawl, Navahoe, won over the Comet. The times were, Navahoe, 3:27; Comet, 3:55 2-5.

Emperor William conducted services on board the imperial yacht Hohenzollern at 9 o'clock this morning. Charlemagne Tower, the American Ambassador to Germany, attended.

## Bank Stock for Sale

### AT ONLY $5 PER SHARE

**Plan to secure 1000 Stockholders. No One Allowed to Purchase More Than $500 of Stock.**

The people of Los Angeles can now buy bank stock at only $5 per share. No one will be allowed to purchase more than $500 of stock. Capital is to be increased to $500,000, making bank of a thousand small stockholders, thereby becoming the people's bank of Los Angeles. The Consolidated Bank of Los Angeles has decided to place its stock with the people, believing that in securing a thousand stockholders it will secure a thousand depositors at the same time. Investors can purchase such stock with absolute safety as to perfect security, and realize a handsome profit therefrom, as has been done by the owners of stock in the various other banks of Los Angeles. This is the only opportunity ever offered the general public to buy stock in a Los Angeles bank at $5 per share. We would rather have 5000 stockholders of $100 each than 1000 of $500 each. We want the greatest number of stockholders, as the more stockholders there are the stronger the bank. All stock fully paid up at Five Dollars per share. Purchasers can buy from 1 to 100 shares at $5 per share, but no one can buy more than $500 of stock. Subscription books just opened. Purchasers can subscribe for 100 shares and pay for the same in weekly payments of Five Dollars, and receive one share of paid-up stock as each $5 payment is made. We want the people to become the stockholders in the people's bank of Los Angeles. Officers: William H. Carlson (Ex-Mayor of the City of San Diego,) President; J. G. Estudillo (Ex-State Treasurer of California.) First Vice-President; F. H. Dixon (Ex-State Harbor Commissioner of California,) Second Vice-President; A. W. Carver, Cashier. Call or write for further information. Pamphlets, etc., mailed free on application. CONSOLIDATED BANK, 124 South Broadway (Ground Floor, Chamber of Commerce Building,) Los Angeles, Cal.

## CORBETT MAY MEET ATTELL.

### BOTH MEN NOT AVERSE TO A DECISIVE FIGHT.

**The Phantom Believes He Will Have an Easy Time With the Ex-Champ and That He Could Win With Good Punch Any Minute. Western Critics' Ideas.**

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, June 25.—[Exclusive Dispatch.] That Abe Attell will be given an opportunity to make good his boast that he can beat "Young Corbett" at any weight and any distance is the talk of the New York fight world. There is a strong probability that the two men will be matched in a twenty-round battle near New York. Both are now in this city. Corbett is fresh from a victory over Maurice Thompson in the West and looks more of a hardened scrapper than he has at any time in the past year. He appears to be in excellent out-of-training condition, and his decisive win in his last fight has filled him with the hope of fighting his way back to the head of the division in which he once reigned.

Attell has been in a six-round go at Philadelphia recently and is popular with fight fans. He is a wonderfully fast two-handed boxer, but he has never made a bid for fame as a fighting scrapper. Attell talks of the proposed battle with "Young Corbett" as though there was nothing to it for him but cashing in. "Corbett is all out," he says, and adds that "pretty nearly any second-rater could give him a battle now, and as for his fighting me, it's foolish to talk about it, for I can beat him at any weight and in any number of rounds."

Before Attell left the Middle West when the game went wrong in St. Louis and Chicago, the critics there agreed that he was not the same fighter of two years ago over a long route. While it is probable Attell will jab the ex-champion's head off in the first ten rounds of a fight, if "Young Corbett" still has endurance to carry the fight to Attell in the face of his quick-fire hitting, there is better than an even chance that he can reach "The Phantom" with the winning punch.

MEN

We are Specialists for Varicocele, Hydrocele, Stricture, Piles, Fistula, Blood Diseases, Contracted Diseases, Private Diseases, Loss of Vital Power, Kidney and Bladder Troubles

Varicocele

WE GUARANTEE AN ABSOLUTE AND PERMANENT CURE in every case we treat of varicocele. We will show to any man wishing to be cured a dozen leading business men of Los Angeles that we have cured. This fact, with our GUARANTEE of cure, ought to convince men that they can be cured of varicocele.

Weakness

This trouble—the bane of men of all ages—we cure. Our treatment is direct, effective, and the cure sure and lasting. We take pleasure in making clear to every man who calls for consultation the cause, the course, and the outcome of his particular case. There is no charge for consultation.

Contracted Diseases and Blood Poison

These troubles are thoroughly understood by Dr. Harrison and his associate. For over twenty-one years they have successfully treated this class of trouble. Experience, founded on a thorough, medical education, has brought to them perfected methods by which they can positively promise to cure.

Our Journal can be had without asking for at bottom of our stairway, to the right. It contains much valuable information, which cannot go in newspaper print. Help yourself to one, or write us and we will mail it.

It Is Rare

To find a case that will not respond to my personal treatment.

I meet many men who have been treated for conditions that did not exist. Failure to obtain good results is sure to follow. If more reliable treatment were given and less guessing done more cures would be effected.

Varicocele

I cure in 4 to 7 days. Many men have treated unsuccessfully for varicocele. My treatment is painless and the results are complete forever.

Stricture

I cure the right way once and for all. I remove all urethral obstructions, inflammation and soreness and restore the membrane to a healthy condition, usually 10 to 15 days.

Contracted Diseases

Failure to quickly cure these conditions is due to harsh measures, which are the direct cause for chronic conditions. My treatment is the most cleanly and perfect known.

I cure Rectal, Kidney and Bladder Troubles, Piles, Fistula and Blood Diseases, Wasting, Nervous and Chronic Conditions causing functional derangement, impairing strength and vitality.

# YOUNG PEOPLE WROTE PLAY WHICH THEY WILL PRESENT.

Leslie Stose and Walter Alderson as the Northern girl and her Confederate lover

WAR-WORN blue uniforms and faded Confederate gray, quaint frilled frocks and demure belles of nearly forty years agone are called back from out the years in the dramatization of Thomas Nelson Page's "Red Rock," to be presented by the Senior A Class, summer '05, of the Los Angeles High School, next Thursday afternoon at the Burbank Theater.

The play was written by two members of the class, Miss Leslie Stose and Mowatt Mitchell, the same talented two who wrote "The Catalina Complication" of last year, and they have accomplished a clever piece of work for amateur playwrights, choosing a field that fits well upon the stage, full of romance and color, with many dramatic possibilities.

Like wise young writers of plays they have kept close to the story, so that no one is disappointed in the outcome. Several of the scenes are lifted bodily from the book, and the negro dialogue and Southern colloquialisms remain as true and fresh as they are in Page's book.

The placing of the scene in Kentucky is a mistake, though an immaterial one, for "Red Rock" has always been regarded as a picture of Virginia when "after the sword came the canker-worm" in the bitter days of reconstruction. The very names of the characters are those of old Virginia and not of Kentucky.

The play is in three acts, full of the love of a northern girl and a dashing young southerner. There are a negro mammy, a typical southern girl, an overseer, politician and his despicable son, a sweet old belle of long ago, and it all ends just the way one wants it to end. Great care has been taken with the preparation of the costumes, some of the girls' gowns being relics of the past still holding the sweet scent of the lavender, while one of the old gray uniforms was worn by one of the gallant Mosby's men.

Miss Gertrude Marian Hards, the instructor, who has done so much to make the play, has supplied many suggestions and situations for the actual staging, and she has not only trained the performers but has been stage manager as well. The cast is as follows:

Capt. Stevenson, a young lawyer, Walter Alderson.

Jacquelin Gray, his cousin and law partner, Herman Cortelyou.

Rupert Gray, Jaquelin's young brother, Rollins Kerns.

Gen. Le Gale, a gentleman of the old school, Graham Widmeyre.

Hiram Still, former overseer for the Grays, John Skinner.

Dr. Washington Still, his son, Howard Spear.

Jonadab Leach, provost-marshal of the town, Willard Goodwin.

Capt. Middleton, a northern officer, James Moorehead.

Lieut. Thurston, his friend and brother officer, Harold Dodd.

Jerry, Steve's servant, Chesney Carver.

Blair Cary, Steve's cousin, Mildred Martin.

Miss Thomasia Gray, a belle of long ago, Mildred Harrison.

Louisa Dockett, a friend of Blair's, Nellie Cortelyou.

## EAST LOS ANGELES.

IMPROVEMENTS are under way in the Hollingsworth tract, where large quantities of cement and gravel are on the ground. The streets will be put into first-class condition. On Clover street Mrs. G. E. Olmstead will build a bungalow and on the property adjoining J. F. Demar will erect a cottage. The surrounding neighborhood is building rapidly and trade is brisk in the vicinity.

G. B. Gillion, recently from San Francisco, is building a cottage on the north side of Main street, near Daly.

F. J. Ganahl departed on Tuesday for an extended visit to San Francisco and vicinity.

Teams and men have ben at work during the week, grading and leveling the ground around the Downey-avenue bridge. It is rumored that the Salt Lake Company will erect a building on the site.

Complaining of a stench which is said to arise from the Brown paper mill on the east side of Eastlake Park, a petition has been filed with the Board of Health, signed by C. L. Murphy and forty others, praying for the abatement of the nuisance. On Monday a written notice was served on the company by the Board of Health, ordering that the nuisance be abated within five days.

The Women of Woodcraft, after an initiatory service on Wednesday evening, held an enjoyable whist party.

Along Alta street new water pipes are being laid, and the immediate vicinity will be supplied with a six-inch water pipe system.

## GARVANZA.

Among the pretty residences of this section is the Episcopal rectory, nearing completion on Mountain avenue, or Avenue 64, on property contiguous to the Church of the Angels. The dwelling contains seven rooms and a large bathroom, and the Elizabethan style of architecture has been followed. The home is a pictusesque representation of Shakespeare's dwelling and lacks only the River Avon, to make the place a reproduction of the birthplace of the famous bard. The exterior of the long low house is finished with plaster and timbers, giving the quaint appearance so much desired. Eight acres have been chosen for the site, which commands a splendid view of the City of the Angels. Rev. A. G. L. Trew, rector of the Church of the Angels, and family, will occupy the artistic dwelling.

New Episcopal rectory on Mountain avenue, Garvanza.

## HIGHLAND PARK.

Occidental College grounds have been beautified with lawns and ornamental shade trees, giving the exterior of the college a handsome appearance. Spacious lawns hug the main building, and the outer ground is prepared for evergreen and shade trees. During the vacation much work will be done on the track, and a football field will be laid out. The equipment for fall athletics promises to be complete.

The first service held in the reconstructed Holiness Church was conducted on Sunday morning by Rev. L. A. Clark. The enlarged church is 30x40 feet, and is situated at the corner of Avenue 61 and Macy street.

Capt. T. L. Gentry of Engine Company No. 12 departed on Tuesday for a two weeks' vacation to be spent in Fresno.

On the grounds surrounding the recently completed residence of Rev. Hartnedy, 100 orange trees have been planted, and the property will further be beautified with lawns and flower gardens.

Avenue 59 has been graded, curbed and sidewalked from the Arroyo Seco to Monte Vista street.

## THE NORTHWEST.

The Temple Street Improvement Association intends to do active work through the summer months. An open way through Broadway north from Franklin street will be sought and an extra appropriation for street lights will be asked. The street-lighting problem in this district has become serious, as the rapidly-growing hill section is inadequately covered by the electric system.

## UNION SQUARE.

Mrs. William Nicholson of No. 1755 West Twenty-fourth street, entertained on Thursday evening in honor of Mr. and Mrs. Herbert L. Damon with a progressive hearts party. The parlors were prettily decorated with roses and ferns. Mrs. Draro and Mr. Lennon won the ladies' and gentleman's first prizes and Miss Clark and Mr. Galloway captured the consolation awards.

Mrs. W. C. La Berge gave a surprise party on Wednesday evening in honor of the birthday of her husband. A pleasant evening was spent in rhyme-making and charades. Refreshments were served.

Miss Edna Eads of Union Square entertained her Sunday-school class of the Magnolia Avenue Christian Church with a picnic on Saturday at Eastlake Park.

## VERNON.

With the purchase of the Shipley property on Ascot avenue and Vernon avenue, by the Huntington interests, the right of way of the Hooper avenue car line to the city limits is assured. For months the question of the piece of property which butted squarely in front of the desired route south on Ascot avenue has been a bugbear to the people who will be effected by the much-needed car service. On Monday the terms of sale were arranged and the work of placing the poles was immediately commenced. The tracks will be rushed and within sixty days, barring mishap, the cars will run to the limits line on Slauson avenue and another large section of the city will be supplied with adequate car service.

At the home of the bride's parents, Mr. and Mrs. M. Montigo, on Saturday evening, their daughter, Salome, and Teodora Castro, were married, in the presence of a few friends. There was general merrymaking after the ceremony which was performed by Rev. William Davies of the Congregational Church. Supper was served. Mr. and Mrs. Castro have gone to Redlands to reside.

A series of sermons on scenes in the life of the Apostle Peter is attracting much interest on the part of the young people of the Congregational Church and the attendance on Sunday evenings when the sermons are delivered, has increased. A. L. Miller, the harpist, has contributed musical selections for the services.

J. H. Steele of the real estate firm of F. L. and J. H. Steele, departed on Monday for Salt Lake City, where he will spend about ten days and will journey thence to Portland to spend three weeks in and around the exposition.

The ladies of the Congregational Church held an all-day meeting in the church parlors on Friday.

Vernon and vicinity will receive a better water supply when the work commenced on Monday along Vernon avenue is completed. Larger water mains will replace the old rusty pipes along the avenue and north on Central avenue to Adams street. Wells recently dug by the city on property at Compton and Slauson avenues will be tapped as soon as the pipes are laid and this part of the city will be supplied with clear sparkling water in abundance.

## UNIVERSITY.

Miss Elsie Vanderpool of Wisconsin has been elected to a place on the faculty in the College of Oratory of the University of Southern California.

Miss Vanderpool is a teacher of experience and comes recommended in the highest terms. She is a graduate of the Northwestern University School of Oratory at Evanston, Ill., of which Dr. Robert McLean Cumnock is the head. Dr. Cumnock's system is the foundation of the work taught in the U. S. C. College of Oratory with Miss Beulah Wright as dean. Besides being an excellent teacher, Miss Vanderpool is a reader of considerable reputation. She will have charge of the physical training for women in her new position, and is an excellent exponent of such work.

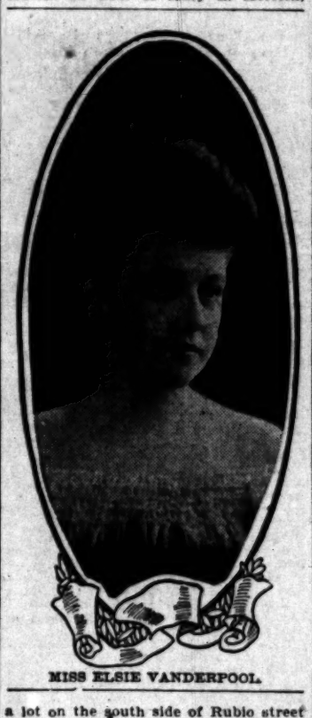
The College of Oratory of the U. S. C. has grown so in the last two years that larger quarters are being provided, and next year it will occupy the whole of the third floor of the main building.

Larger water mains laid along several of the residential streets have to a certain extent relieved the water scarcity, but the inadequacy of the small mains throughout the University section is sorely felt in the districts not affected by the larger pipe system. The water company is doing all in its power, say the officials, to supply the demand and before the summer is ended many more hundred feet of the big pipes will be laid.

M. A. Bell of No. 701 West Thirty-eighth street is dangerously ill at his home.

The annual Sunday-school picnic of the Congregational Church will be held on Friday at East Lake Park. Cars will leave Central and Vernon avenues in the morning at 10:30 o'clock returning from the park at 4:30 o'clock in the afternoon.

The following sales for the week are reported by F. L. and J. H. Steele: Marion R. Ober to Mary L. Herrick,



MISS ELSIE VANDERPOOL.

a lot on the south side of Rubio street between Hooper and Ascot avenues, 40x125 feet, purchased with an idea of improving the property for a home. W. W. Martin sells to J. L. Miller a lot on the south side of Forty-eighth street, between Compton avenue and Honduras street, 44x120 feet, also to be improved with a home. F. L. and J. H. Steele to Victoria Lander, a lot on the west side of Fifty-fifth street between Hooper and Compton avenues.

The Union Trust and Realty Co. has sold the property at the corner of Central avenue and Huber streets to Mrs. Augusta Etter, who will improve the site with a brick block containing stores and flats. Work was commenced on the building Friday.

E. A. Christopher of No. 673 West Thirty-eighth street has gone to Selma for a several weeks' visit with his son Neal Christopher.

## PICO HEIGHTS.

Work on the opening, widening and grading of Vermont avenue, north of Pico street, is almost finished, and the thoroughfare already gives promise of the handsome residence street it will be when the work is completed. For some time past development in the vicinity of the avenue has been retarded by the condition of the roadway, which, in places, was almost impassable. The graders have filled the hollows, and the street will be curbed and sidewalked.

Mrs. Wilson Hart of Ninth and Burlington streets is planning a trip through the East, and will leave about the beginning of August.

For the funeral of Mrs. H. E. Howard on Thursday the business houses of Pico Heights were closed. Mrs. Howard was generally esteemed and loved among the residents of this section.

## SOUTH LOS ANGELES.

Central Avenue Congregational Church has sold its valuable property on the corner of Twenty-eighth street and Central avenue, and has purchased a site for a new church on the corner of Paloma and Twenty-eighth streets, one block west of the present location. On the north side of the property just purchased a brick block to contain a bank is being completed. The church on the corner of Central avenue and Twenty-eighth street will be moved to the new site, and within a month work on the proposed handsome structure will be erected. The old building will be placed on the back of the lot, and will probably be used for Sunday-school purposes. The church soon to be erected will cost about $10,000.

...dicatory address was delivered ...Charles C. Chapman, presi- ...of the Southern California Mis- ...Society, and in the course of ...marks the speaker gave an in- ...the after-service, which lasted until 2 o'clock, pastor and people wept and prayed in thankfulness for the grand free-will offering. Several united with the church.

The history of the Magnolia Avenue Church is one of almost unparalleled growth. From the first it has rapidly increased in membership until, from worshiping in a hall, about sixteen months from the founding of the mission by Rev. A. C. Smithers of the First Christian Church, the people moved into their own splendid edifice.

The church is constructed in Gothic style. Cut stone has been used for the lower part of the edifice, and for the tower. The belfry is of cement with ornamentation of staff. Both auditorium and Sunday-school room on the ground floor are circular and can be thrown into one large audience chamber with a seating capacity of 1...0. There are eighteen classrooms in the main Sunday-school room, on the first and second floors, with accommodation for 600 pupils.

...dia Avenue Christian Church, dedicated yesterday morning free of debt.

...ewing review of Bible history re- ...ing to the establishing of the church ...God, and cited reasons for its exist- ...and phenomenal growth. Rev. ...Chapman said, in part:

...us, my friends, for awhile this ...give our thought to the church ...God has endowed to be the light ...world, and which is destined to ...win all men to a knowledge ...truth as ...is in Christ Jesus. ...And the church had been long ...by God, for Moses speaks of ...the prophets sing about it, and ...far away in captivity, dreams ...Nebuchadnezzar.

...institution is variously called ...Scriptures, the favorite name be- ...Kingdom of God.' It is also ...called 'The church of Christ,' ...church of the Living God,' and ...body of Christ.' This church was ...so foretold in prophecy, but also ...types and shadows of the world, ...coming of the great kingdom ...Jesus should establish was fully ...planned.

...the Baptist was the herald ...to tell that the kingdom of heaven ...at hand, and one day John was en- ...to introduce Jesus to the assem- ...multitudes on the banks of the ...Jordan.

...this same Nazarene is reign- ...ing more gloriously than any earthly ...king, and is our assurance that the ...kingdom established by the Lord of ...Hosts Christ is an eternal King, and ...has an eternal kingdom.

...Nature had its beginning in mir- ...acle, and so the beginning of the ...church was miraculous; then, as in na- ...ture, everything followed in order, so ...in the church everything must follow ...the law of oGd.

...The Bible is our constitution and ...those in the kingdom will find the ...true guidance there. Jesus said ...unto His disciples when He was about ...to leave them, 'Go ye into all the world ...and preach the gospel to every crea- ...ture.' This same Jesus came to seek ...and save the lost.

...The object of the church is to make ...men better, and the sweet spirit ...of the Master, if disseminated in a ...community makes that community ...like heaven.

...The church is not a perfect church to- ...day, for if it was the world would soon ...be saved, but I believe the Lord ...will finally triumph and His bride ...shall become 'fair as the moon, clear ...as the sun and terrible as an army ...with banners.'"

...The vision of John the apostle on the ...Isle of Patmos was here touched ...upon by the speaker who described in ...part some of the future victories ...planned for the church. Concluding ...the speaker said:

...'Here in the church, and as I worship ...with you today and realize that only a ...few years ago I spoke to you in a fit- ...ting way, I know the change is wonder- ...ful, in direct line with the many ...wonderful changes in Southern Cali- ...fornia, this land of many wonders. ...God has been with you, and has ...richly much of the joy in store ...for this organization. I do not believe ...that a more delightful church ...than this temple reared in the ...Master's name.

...'Jesse P. McKnight, God has abun- ...dantly blessed you and this church will ...be a benefaction for good in this com- ...munity and will be an inspiration for ...the disciple of Christ in the South- ...land.'

...Following the address, and without fur- ...ther preliminary, the speaker attacked ...the deadliness, and told the congre- ...gation that $7000 was needed. Mr. ...Chapman said he was sure the money ...could be raised during the service, and, ...in view of the lateness of the hour and ...the impressive prophecies, he pitched into ...the question.

...Some doubted the ability of the ...members of the Magnolia Avenue ...church to raise the needed amount ...but it was a pleasant surprise when ...the money was hurled at the man on ...the platform in blocks of $500, then in ...blocks of $100 each, and finally in $100 ...until $5500 was raised in rec- ...ord-breaking time.

...Then, as a nucleus the leader was ...about to close the meeting until ...further effort had been made to raise ...the $500. The money then began ...coming in in small amounts, and the gold ...piled on the desk until a total of ...$7000 was reached, and the people al- ...most rushed forward in a body to offer ...their gifts.

...Never has such a scene been wit- ...nessed in this city of churches, and in

"I buy advertised articles by preference," says the editor of a leading weekly magazine, "but never write to the advertisers. I believe it is far more wise to define the wishes of the great silent majority in reference to editorial work. Perhaps it would be profitable for advertisers as well. I belong to the silent majority myself."

That is the class to whom advertisers in a publication like THE LADIES' HOME JOURNAL appeal—the people who buy advertised articles by preference, but never write to the advertisers.

The fact that advertising in THE LADIES' HOME JOURNAL pays is evidenced by the frequent demand upon the retailer for your goods, causing more frequent repetition on the orders which the retailer gives the jobber's salesman, resulting in the increased orders that jobber sends your plant. That is the only thermometer by which the advertising that is furnishing American homes and feeding and clothing their occupants can be measured.

It costs six dollars an agate line.

## CORONA IS TO HAVE A LIBRARY.

**PLANS AS ADOPTED CALL FOR A FINE STRUCTURE.**

**Ten Thousand Dollars Will be the Cost of the Building Which Will be a Notable Addition to the Architectural Beauty of That Pretty Orange Belt City.**

CORONA, June 24.—The plans to be adopted by the library trustees for the $10,000 Carnegie library to be erected at Eighth and Main streets, call for a one-story, cream pressed-brick structure of Grecian-Ionic style of architecture, 40x60 feet with a two-story 10x34 wing at the rear and basement under one-half the building. A furnace and three grates are to be installed for heating and electricity for lighting. Slashed grain Oregon pine dressed in imitation of oak will be used for the interior wood finishings.

The $10,000 Carnegie Library to be erected in Corona, Cal.

The center of the building will be occupied by a twenty-four-foot octagonal rotunda with ceilings supported by eight cement columns; the delivery desk to be placed in the rotunda around which will be arranged reference, reading, children's and stock rooms, the last with a capacity of 8000 volumes.

Ladies' retiring-room, workroom and office, rear hall and stairways occupy the ground floor of the wing, the second story to be used as a trustee room. Franklin P. Burnham of Los Angeles is the architect.

### SANTA ANA.

SERMON TO HIGH SCHOOL CLASS.

SANTA ANA, June 25.—Baccalaureate services for the graduating class of the Santa Ana High School were held this evening at the First Methodist Church, all the churches of the city dismissing their regular meetings to participate in the school event. The graduates occupied reserved seats in the center of the auditorium and the pastors of city pulpits were upon the platform. A chorus under the direction of Miss C. E. Dresser furnished music.

The sermon was delivered by Rev. George S. Clark of the Methodist Episcopal Church, South, upon the theme: "The Bible as the Rule of a Successful Life." The text was taken from Joshua 1:8: "This book of the law shall not depart out of thy mouth; but thou shalt meditate therein day and night, that thou mayest observe to do according to all that is written therein; for then shalt thou make thy way prosperous and then shalt thou have good success."

The speaker said in brief:

"I bring you a message of prosperity and success according to the promises of God to those who depart not from the teachings of the Bible. By repeated declarations God has promised the fullest measure of attainment to those who harmonize their lives with the law of God. What is success? Surely not merely wealth, nor place and power, nor pleasures, nor achievement in letters and art. Real success consists in character, made after the pattern God has shown in the Book of His law. Don't mistake reputation for character. You are not born with character, you cannot buy it or be presented with it. You must earn it by your own efforts. You can be nobody or somebody, just as you choose. Therefore, I urge you to build your own character, studying to be worthy of your inheritance and opportunities by regulating your life and actions in accord with the biblical principles."

Formal commencement exercises will be held tomorrow evening at the High School, when Dr. Charles Davidson of the University of New York will deliver the address to graduates. An informal reception for the class will follow.

CLOSED YEAR'S WORK.

The close of another year of successful work of the Santa Ana Ebell Society was marked yesterday afternoon with a luncheon at the Rossmore, where 160 members of the organization and visiting guests sat down to an elaborate collation. Numerous speeches were delivered. Mrs. J. A. Finley acted as toastmistress. Mrs. Frank E. Pryor of Los Angeles, Mrs. John Swanner, Mrs. Juliette Lacy, Miss Sedalia Cubbison, Miss C. E. Dresser, Mrs. F. A. Marks, Mrs. W. S. Bartlett of Los Angeles, Mrs. Victor Montgomery and Mrs. J. W. Bishop were among those who made responses.

At the close of the banquet adjournment was taken to Elks' Hall, where a further business and social session was held.

WAS NOT SERIOUS.

Deputy District Attorney Ames was summoned to Huntington Beach yesterday to investigate an alleged stabbing affray. A. A. Weber was under arrest for inflicting a knife wound upon H. J. Miller, proprietor of a confectionery store. Miller and Weber were in dispute Friday over the payment of a $10 commission upon the sale of a piece of property, and in the course of the discussion Miller struck Weber with his fist. Weber was sharpening his pencil with a pocketknife at the time, and, according to his own story, in raising his hand to ward off the blow he jabbed Miller in the side. Miller avers that Weber's cut was intentional. The District Attorney's deputy found no evidence to warrant a charge of wielding a deadly weapon, and the case was dismissed.

### ORANGE.

DIPLOMAS FOR SEVEN.

ORANGE, June 25.—The first graduating class of the Orange High School numbering seven members, received diplomas Friday night at commencement exercises in Odd Fellows' Hall. The programme was opened with music by the Orange Orchestra, followed with an invocation by Rev. A. N. Glover. The salutatory, "The Dawn," was delivered by Miss Eda Johnson, and the valedictory, "The Mountain Peaks," by Miss Mildred Huhn. Rev. T. C. Miller of the First Methodist Church of Santa Ana gave the formal commencement address. Presentation of the class was made by Principal C. E. Taylor and the diplomas were awarded by G. D. Toothaker, president of the boad of trustees.

The members of the graduating class were Earle Crawford of Olive, May Bathgate of Villa Park, Mildred Huhn of Orange, Agatha Jessup of El Modena, Eda Johnson of Orange, Elizabeth Perkins of Villa Park and George Wells of Orange.

## BOGUS OFFICER LODGED IN JAIL.

**IMPORTANT CAPTURE BY UNITED STATES AUTHORITIES.**

**A. S. Falconer, Alias Bates, Who Claimed to Have Been Lieutenant in Regular Army, Arrested in San Bernardino—Has Police Record in San Diego—Wanted in the North.**

SAN BERNARDINO, June 25.—Disguised as a laborer, Albert S. Falconer alias Bates was arrested tonight by Secret Service Agent John F. Cronin of Los Angeles with the assistance of Under Sheriff McNabb, and tomorrow will be taken to Los Angeles a Federal prisoner. Just what charge the government has against him is not known here, for the officers decline to make public their case just yet, but it is understood that Falconer, who has a police record in several cities, has been impersonating a United States Army officer and that he has been obtaining money thereby. Whether there is a more serious charge cannot be stated positively, but when the government officials get through with him the San Francisco authorities may take him in hand. There are said to be certain numerous checks about which he is supposed to know something, and which were not at all regular; in fact, it is said that he has been raising bank checks.

Among the prisoner's papers were found letters from the San Francisco Chief of Police showing that Falconer has been posing as a detective. How long he has been here is not known, but he was attired as a common laborer. The officers found his finer clothing in his room at the Southern Hotel here.

Falconer first came into undesirable prominence in San Diego, where under the name of Bates he served a jail sentence. On the night of May 23 he started a report in Los Angeles that he had been engaged in a duel with a northern attorney at a fashionable club and that the attorney had been wounded. At that time he roomed at 1120½ South Grand avenue, was nursing an arm which he stated had been injured, and appeared to be deaf. He stated then that he was an army officer, but refused to make any statement about the alleged duel, which was all a fake. As soon as his true identity was discovered he left Los Angeles, and it was immediately after that that the Federal officers began searching for him.

SUICIDE HIS FATE.

The body of Frank Callucci, a local restaurant man, who disappeared from his home Friday night, was discovered this afternoon by two boys suspended by the neck to a willow tree just north of Urbita Springs. He had placed a noose rope around his neck, then fastened it to a limb of a tree ten feet from the ground, and climbing to the limb, leaped off. He died of strangulation.

Several years ago he disappeared, being found in Lytle Creek desperately wounded in the face, having shot himself with a revolver. Grief over deaths in his family is supposed to have been the cause.

**Threw Guineas Away.**

Several picturesque incidents were disclosed at the inquiry held by Mr. Troutbeck at the Westminster Coroner's Court to discover "when, where, how, and by what means certain gold coins were found, and to declare if the same were treasure-trove." The manner in which these coins were found and the behavior of the people who found them were surprising. An old building in Kensington High street was being demolished, and a carman found beneath the foundations what he described as "a lot of yellow-looking coins." He picked up a handful and stuck them in a sack; other men also picked up coins. The carman showed some of them to his foreman, who said they were no good, and that he had better make a "check chain" for his horse out of them. When the carman got home he threw the coins in handfuls to his children and took what remained to the police station. A coachman hard by had a coin thrown at him by someone unknown, who told him "to get a drink with it." This witness sold three of the coins which he picked up for 2s. Another man also was given three coins "to get a drink with," but threw them away. On second thoughts, however, he picked them up again and pawned them for £2 18s. An unknown man threw the coins at the people, who would not have them and threw them back at him again. The coins thus universally contemned turned out to be mainly gold pieces, such as spade guineas, of the eighteenth century.—[London Speaker.

## KILLED WITH HIS OWN GUN.

**ITALIAN WOODCHOPPER VICTIM OF FATAL ACCIDENT.**

**Body Found Week After Death in Winchester Canyon—State Christian Endeavor Convention Concludes Its Labors—New Officers are Chosen by Stationary Engineers.**

[SPECIAL CORRESPONDENCE OF THE TIMES.]

SANTA BARBARA, June 25.—Benedicto Ambrosio, an Italian woodchopper, was found dead today in Winchester Cañon, about fourteen miles from this city. He had been dead fully a week and the body was in a bad state of decomposition. A large hole in his breast and a shotgun lying close by indicated that he had been accidentally killed by his own gun. Ambrosio was about 50 years of age, and had no relatives in this country, his only known living relative being a sister in Italy. He was in the employ of Ellis Moore, on whose ranch he was cutting wood. He was seen alive last Sunday, and it is supposed that on that day while returning from a hunting trip he was accidentally killed.

NEW PRESIDENT POPULAR.

It is doubtful if a more satisfactory selection could have been made by the State Union of the Christian Endeavor than that of Dr. A. S. Kelly of Oakland, who was chosen State President. He was one of the prominent figures of the convention which has just completed its labors, and he made friends among the delegates from all sections of the State. A tireless worker, able speaker and possessed of marked executive ability, he is believed to be just the man for the office to which he was elected. He left for his home in Oakland last evening. He was a prominent practicing physician there, and for years has been a leader in Christian Endeavor work, having for a time been president of the Alameda County Christian Endeavor Union.

DR. A. S. KELLY,
of Oakland, newly elected president of State Christian Endeavor Union.

ENGINEERS ADJOURN.

The State Association of Stationary Engineers concluded their convention at the Potter Hotel yesterday afternoon, the business of the association being completed in the afternoon, and a banquet in honor of the delegates being given in the evening. Fresno was decided on as the meeting place for the next annual convention. Following officers for the ensuing year were elected and installed: President, C. C. Elsasser of San Francisco; vice-president, Roderick McKay of Los Angeles; secretary, W. T. W. Curl of Los Angeles; treasurer, J. N. Pyster of Santa Barbara; conductor, A. M. Bradley of Fresno; doorkeeper, Charles Knights of San Francisco; trustees, T. S. Thomson of Los Angeles, J. D. Cunningham of Fresno, B. R. Rodman of Santa Barbara.

President Elsasser appointed R. McKay, J. F. Connell, W. P. Stevens, A. M. Bradley and J. N. Uyster on the License Law Committee, and a determined effort will be made to secure a State license law for stationary engineers at the next meeting of the Legislature. Other committees appointed were: Ways and Means, A. M. Bradley, Charles Knights and J. H. Byers. Constitution, T. S. Thomson, J. N. Pyster and J. D. Cunningham.

A new standing committee, to be known as the State Educational Committee, was added to the list, to be composed of W. T. W. Curl as secretary-chairman, and the chairmen of the educational committees of each subordinate association.

**M. Rouvier.**

M. Rouvier, who has succeeded M. Delcassé, has had an interesting career. Born 63 years ago, he began life as a barrister. He preferred, however, to turn his attention to business, and entered, accordingly, a wholesale grocery establishment at Marseilles as book-keeper, from which position he soon rose to become one of the leading members of the firm. At the same time he displayed his interest in politics, writing for such democratic organs as the Peuple and the Egalité, and was one of the promoters of Gambetta's candidature at Marseilles.

Then came the war, and M. Rouvier was sent to represent Marseilles in the National Assembly at Versailles, from which time forward, although with many ups and downs, he steadily grew in influence until, in 1887, he became President of the Council. Yet at one time it seemed as if his career would come to an untimely end. While Secretary of the Chamber some very serious accusations were brought against him. He was tried at his own request, and was acquitted, though scarcely cleared in the eyes of the general public until three years subsequently, when the false foundation of the charges against him was discovered.

Later he was mixed up in the melancholy Panama scandals, and had to resign his position as Minister of Finance, though he declared that he had only done what any statesman worthy of the name would have done by obtaining outside assistance when the ordinary resources of the Secret Service Fund had been exhausted and more money was needed to carry on the campaign against the Boulangist conspiracy. He came back to office again, however, under M. Combes as Minister of Finance, in which position he showed rare capacity, and later became Premier.—[Westminster Gazette.

**Potpie, Armenian Style.**

An Armenian woman, who runs a restaurant in Third avenue, near Twenty-sixth street, is making potpies that are the talk of the hour among men who dine in restaurants every night, and who prowl around town looking for strange dishes. Since Thanksgiving, when she introduced her Armenian pies as an experiment, she has attracted a class of customers who seldom find their way to Third avenue eating houses.

Her potpies are decidedly aromatic. The ingredients are a mixture of lamb or veal, sweet peppers, string beans, onions, chili peppers and tomatoes. The pie is baked in a deep earthen pot, put into a slow oven. The pot is tightly covered, so as to retain the moisture and full flavor of its contents. When ready for serving the vegetables are almost a pulp, and the meat is so tender that it drops from the bones.

A host who was giving a farewell bachelor dinner at the Manhattan club last week had some of the Armenian woman's pies brought over hot, and they proved the hit of the evening.—[New York Press.

Considerable comment has been indulged in today owing to the fact that the Los Angeles officers did not see fit to call into service the official abilities of the local officers, Constable C. T. Carlson and Marshal B. M. Baker, but instead decided to completely "scoop" them on the raid. It is stated that the official dignity of the local police was severely wounded on this account, but one prominent business man ventured the opinion this morning that the Los Angeles officers were probably aware that San Pedro's sleuths have "ears that do not hear, and eyes that do not see," if the record of their past performances are to be taken as a criterion.

The cases will probably be heard before Justice Young of Los Angeles. Several hundred dollars' worth of paraphernalia from the raid was sent to Los Angeles this morning.

## TWENTY-TWO TO BE GRADUATED.

**HIGH SCHOOL COMMENCEMENT TO ENGAGE LONG BEACH.**

**Programme Contains Many Attractive Features and Will Continue for Several Days—Thousands of Sunday Visitors Throng the Beach. Knights of Pythias Memorial.**

LONG BEACH, June 25.—Commencement exercises of the senior classes of the High School will be the event of this week. The graduating class of '05 numbers 22 evenly divided as to sex. It is the largest class ever graduated in Long Beach. Its members are: Miriam Caldwell, Marjorie Curts, Bertha Grant, Camilla Helvie, Ella Patterson, Mabel Hardenbrook, Leah Frazier, Hylinda Hayes, Grayce Myers, Mabel Taylor, Roberta Hutchinson, Howard Clewett, Laurence Earnish, Charles Draper, Paul Elliott, Gerald Hansen, Ray Morgan, Homer Sharp, James Dillon, Ray Head, Will Holley, Wesley Randall.

This morning at the First Methodist Church, Dr. Wesley K. Beans preached the class sermon, his subject being "The Ideal Education," taking as his text, Luke II:52: "And Jesus increased in wisdom and stature and in favor with God." Among other points was that the perfect ideal of education is attained by the harmonious development of body, mind and soul, which are relatively important in the order named. Failure comes to the individual by neglect of either in proportion to the value of the one neglected. One cannot inherit knowledge, to attain it requires thought, mental drill and much study.

On Thursday evening the class farce will be presented. As a curtain-raiser a scene from "Midsummer Night's Dream" will be presented by Misses Marjorie Curts, Mabel Hardenbrook, Bertha Grant, Mabel Taylor and Raymond Morgan. This will be followed by Sheridan's comedy, "The Rivals," with the following cast:

Sir Anthony Absolute, Charles Draper; Sir Lucius O'Trigger, Ray Morgan; Capt. Jack Absolute, Ray Head; Bob Acres, Laurence Earnest; Faulkland, Will Holley; Fag (Absolute's servant) Wesley Randall; David, (Acre's Servant) Homer Sharp; Lydia Languish, Camilla Helvie, Julia, Mildred White; Mrs. Malaprop, Miriam Caldwell; Lucy, (maid to Lydia) Leah Frazier.

Commencement day exercises will be held Friday evening at the Tabernacle. Rev. Chester P. Dorland will deliver the invocation, and Laurence Earnest, president of the class of '05, the salutatory. The class history is in the hands of Miss Mabel Taylor, the class prophecy will be by Miss Ella Patterson, and the class poem by Hylinda Hayes. The valedictorian is Howard Slewett. The exercises will close with the presentation of the diplomas, the Ayer scholarship at Pomona College, and the Clifford Smith debating prize.

REMEMBERED THEIR DEAD.

Long Beach Lodge, Knights of Pythias, held interesting memorial exercises this afternoon at Castle Hall. The beautiful ritualistic service was followed by an address by James A. Miller, editor of the Press. Music was furnished by a quartette, Miss J. W. Young, Jr., Miss Marie Paine, and Messrs. F. A. Cates and Dr. W. H. Jones. Following the Knights' service, the Rathbone Sisters held their memorial services, which were conducted by Mmes. Torrey, Brown, Brakeman, Burson, Craw, Shrewsbury, Pauley, Hillegas, Galbraith, and Holden. At the conclusion of the services the members of both orders visited the cemetery where the graves of Mrs. Lottie B. Joy, and Brothers A. B. Adams, William Warford, J. H. Thomas and D. A. Sovereign were decorated with wreaths and flowers.

THOUSANDS OF VISITORS.

The warm weather drove the people to the beaches today, and the crowd was estimated at from 10,000 to 15,000. The plunge and surf were great attractions, the turnstile at the bathhouse this evening registering over 3000 admissions. Band concerts were given at the Sun pavilion by the Marine Band, and on the beach. The launches were crowded on hourly trips to the breakwater. Two successful rides down the incline and across the gap were made today by one of the Zarrow family, though the first trial this morning was a close call for the young man. Zarrow, who was injured yesterday, is improving. His right arm is broken and his right side and leg badly skinned and bruised. At 5 o'clock the life saving crew gave an exhibition in the surf, rescuing a swimmer and overturning and righting their surf boat. The day was an ideal one and passed without accident of any kind.

THE NATION'S BIRTHDAY.

The Fourth of July committee has planned a big celebration for the national holiday, and from the sunrise gun to long after the hour for "taps" there will be busy times in Long Beach. Bands will play, horses prance, uniformed men and white-clad women will parade, eloquent speakers will orate, mingled with the sharp crackle of miniature musketry, firecrackers, youthful athletes will strive for prizes, brawny firemen will show their fire fighting prowess, and brave men and fair women will dance. The celebration is to end with a display of fireworks while out at sea, a fleet of launches will parade illuminated with many colored lanterns.

## CORNER-STONE LAID BY BISHOP.

**IMPRESSIVE CATHOLIC CEREMONY AT MONROVIA.**

**Place of Worship for Members of That Parish Donated by Lewis Bradbury and Sisters as Memorial to Their Parents—Bishop Conaty and Other Clergymen Participate.**

MONROVIA, June 25.—The mellow voices of priests in chant echoed over a field of native oaks on the borders of Monrovia today, while the bishop of the diocese blessed the corner-stone of

Sponsors of the new church.

a beautiful edifice given to the Roman Catholic church by the children of a daughter of Mexico.

Monrovia-Duarte parish has been given a $35,000 church by Lewis Bradbury and his sisters in memory of their father, L. L. Bradbury, and Simona Martinez Bradbury, their mother. With it they have given the church six acres of land, and looking from the priest's house adjoining, the valley of the San Gabriel spreads before the eye apparently untouched, so sparsely settled is this section of the Bradburys' thousands of acres.

Over a thousand people gathered for the ceremony. After a procession of priests had proceeded through the church to the altar and blessed it, they emerged upon a platform, where the service of laying the corner-stone was held. A priest of the Franciscan order, Rev. Raphael Fahr, and Father T. F. Fahey of the cathedral were the cantors. Beside the bishop there stood Rev. J. J. Sheehy, the pastor of the church. Bishop Conaty used a beautifully engraved silver trowel to press the mortar in place. Before making his address, he handed this to Lewis Bradbury as a souvenir of the occasion. Mrs. Winston and Mrs. Polk and their children were present.

The man and woman who are honored in this memorial are well known in Los Angeles. Mr. Bradbury having built in his lifetime the Bradbury Block, and his wife completed a plan of both in the Tajo building, which is named for famous Mexican mines owned by the family.

The services closed with an address by Bishop Conaty. He said, in part:

My dear friends, I wish in the first place to testify to my gratitude and the gratitude of the diocese for the very generous gift of Lewis Bradbury and his sisters, who give this as a memorial church. I am sure that Almighty God receives this gift in the spirit in which it is offered, and that this church will be a memorial of the living faith of those through whose generosity it is erected. Under the title of the Church of the Immaculate Conception, it stands here as a church for the people of Monrovia.

This is no ordinary thing, no ordinary act—the establishing of a church. Here in this beautiful valley, within sight of those lovely mountains; here where doubtless to have planned for the industry of men, it is no little thing that a church should stand dedicated to the love of the Eternal God. Standing here it expresses belief in religion as the great essential element of human life.

Today we revive in this expression of faith and belief in the Holy Church which is to last until the end of time. It stands here to preach that gospel. In its walls not novelties of men's thoughts will be preached, but the doctrine which has been handed to us across twenty centuries of trials—the doctrine with God in it, with Christ in it.

As its walls rise in beauty of architecture, this church will be to all men a finger pointing upward to tell men this world is not man's permanent place; that wealth, ambition and honors are all as the passing of a cloud before the morning sun; that nothing lasts but God; that nothing is worth possessing but truth. And this church will help to lift men's hearts heavenward and make them feel that the ambition in life is to serve the living God and Jesus Christ the Redeemer.

May it be to all of us Catholics an inspiration to higher and better service. And may it be to all who are not Catholics an inspiration to know that faith is still alive, and that truth stands ready to break its bread to all who come within its influence. For, brethren, we may differ in our religions, but we are all friends and neighbors, and our test of friendship is to help one another to know the truth, and knowing it, to live as God would have us live.

## CATALINA ISLAND.

FELL TWENTY FEET.

AVALON, June 25.—Mr. Chandeare, a brother-in-law of Ben Rosin, had a frightful fall last evening which will disable him for a long time, if not permanently. In front of his room on Metropole avenue is a porch almost twenty feet high, on which he was entertaining a friend, and tilting his chair against the railing which suddenly gave way, precipitating him to the ground. The fall resulted in the fracture of the left leg at the hip joint, his left shoulder was sprained and he was badly bruised. Dr. Peckham reduced the fracture and cared for the unfortunate man, whose right leg is stiff from the effect of a previous accident. He was taken to a Los Angeles hospital today for further treatment.

Another accident happened to the five-year-old son of J. H. Hemill, of Globe, Ariz. The little fellow fell from a wall only about four feet high, but it resulted in the fracture of his right arm at the elbow.

## COVINA.

BRISK BLAZE IN A MILL.

COVINA, June 24.—A fire broke out late this afternoon on the premises of the Griffiths Bros.' Milling Company. The fire started from a hot box on a fanning mill igniting the chaff and that piece of machinery and the dust carriers connected were destroyed before the blaze could be subdued. Loss $200.

City Health Officer J. D. Reed and family left this morning for Portland to visit the exposition. He has a leave of absence for thirty days. W. Q. Custer and family accompanied the party.

## VENICE.

RUSH TO GET READY.

VENICE, June 25.—Venice proved the attraction of the beach today. In one week the new and unique resort will be formally opened to the public and today not less than fifteen thousand feet turned their toes from all directions toward this novel creation. With opening day only one week ahead and much work still to be done the army of more than a thousand artisans ceased not from their labors today to either rest or worship. While it is rush, rush everywhere, still the greatest endeavor is concentrated on the main auditorium. In this the sessions of the assembly are to be held, and the opening number of the sixty-day programme is billed for next Sunday morning.

The ship hotel "Cabrillo" is to be dedicated at 5 o'clock on Saturday afternoon. In the competitive vote for the christening honors, Miss Nina Adams was chosen to perform that onerous duty and the christening will be accomplished with great ceremony.

On Thursday sea water will, for the first time, be forced through the conduits into the system of canals, and after that time Venice will rapidly begin to assume the appearance of the dream city of waterways.

## OCEAN PARK.

HOW THEY WILL CELEBRATE.

OCEAN PARK, June 25.—Supplies are arriving by the carload for the new bath-house on Ocean Front. A crew of a half hundred men has been engaged and everything is ready for the formal dedication of the building and the initiation of the plunges and tubs on July 4.

Preparations are being made for a lively celebration of the Fourth. The president of the day will be Dorsey Patton. Hon. Lee C. Gates has been secured to deliver the oration, and Mrs. William Anderson will read the Declaration of Independence. The school children will join in a patriotic chorus and there will be brilliant and spectacular pyrotechnics at night from the two pleasure piers. Trick swimming and diving will form an attraction and there will be music by bands and drum corps throughout the day and evening.

## POMONA.

SERMON TO GRADUATES.

POMONA, June 25.—The graduating class of the local High School listened to the annual baccalaureate sermon delivered by Rev. S. J. Carroll, D.D., at the Methodist Church this forenoon, members of the Board of Education and the teachers also being present. The new class building erected by the young ladies of the Philothea class just east of the church was opened with appropriate exercises today. This class now has seventy members and has made great progress in Methodist circles under the leadership of Miss Ruth Bogue.

Mrs. Anna H. Farrington will leave early next month for a trip to Honolulu. Her nephew, Wallace Farrington, is editor of the Evening Bulletin there.

The undergraduates of the Pomona High School entertained the members of the graduating class at a reception last night at Hotel Palomares.

Mr. and Mrs. V. V. LeRoy started today upon a European trip which will extend over a period of several months.

Mr. and Mrs. L. H. Gallup are home from a two weeks' outing at Newport Beach.

Mrs. D. C. McQuitty left today for Wells, Nev., to visit her daughter.

Tired Nervous
When you feel languid, tired, nervous and irritable, your vitality is low—your supply of nerve energy exhausted, and your system running down for lack of power,
The organs of the body are working poorly, or not at all, and you are not getting the nourishment needed. This soon impoverishes the blood and instead of throwing off the impurities, distributes it all through the body. This brings disease and misery.
Feed the nerves with Dr. Miles' Nervine, a nerve food, a nerve medicine, that nourishes and strengthens the nerves, and see how quickly you will get strong and vigorous.
"My wife suffered with nervousness previous to a recent attack of typhoid fever, but after her recovery from the fever, she was much worse, and could hardly control herself being exceedingly nervous when the least excited. She was very restless at night, and never had a good night's rest. She also suffered much from nervous headache. Dr. Miles' Nervine was recommended by a friend. After the first three doses she had a good night's rest, and at the end of the first week's treatment she was wonderfully improved. Continued use of Nervine has completed her entire cure."

## NEWS AND BUSINESS.

**Belasco Play.**

At the Belasco Theater this evening White Whittlesey and the Belasco company will give "Soldiers of Fortune," the Davis play produced recently by Robert Edeson.

**Lecture on Greek Excavations.**

Prof. Thomas D. Seymour, LL.D., senior professor of Greek at Yale, and president of the Archaeological Institute of America, is a guest at the home of Charles F. Lummis. He will lecture at Unity Church this evening at 8 o'clock on "Excavations in Greek Lands."

**Naturopathic Physicians.**

At the meeting of the Association of Naturopathic Physicians of California, held last week, officers were elected for the ensuing year as follows: President, Dr. W. Y. Haney; vice-president, Dr. Willis; secretary, Dr. Carl Schultz; financial secretary, Dr. Ernest; treasurer, Dr. Thomas Storey; Board of Examiners, Drs. Storey, Olson, Schultz, Collinge and Hutchison.

**Identified.**

Also Tenunuri was the name of the man who was killed by the Santa Monica flyer yesterday morning near Ocean Park. Tenunuri was a mining man of Benson, Ariz., and he had been on a visit to Los Angeles. A return ticket to Benson and other papers in his pockets served to establish his identity. The remains are at Bresee Bros.' morgue awaiting orders from relatives.

**Brother Coming for Him.**

John Grady of St. Louis, a half brother of Daniel Healey, the man who tried to kill himself in the Nadeau Hotel Friday morning, has wired the Receiving Hospital authorities to keep Healey until the brother arrives in Los Angeles. Grady will leave St. Louis today and will take his brother back to the Mound City. Healey is in no immediate danger.

**Coin Inquest.**

An inquest over the remains of Raymond Coin, one of the child victims of little Claudine Coin's shotgun which was accidentally discharged, will be held at Pierce Bros.' morgue this morning at 10:30 o'clock. Mabel Cooper, the little girl who was fearfully injured, is steadily improving at the Children's Hospital. Her chances for recovery are considered good.

**Voting Contest.**

Miss Annie Adams of Ocean Park was the winner of the voting contest held yesterday afternoon at Venice of America for the most popular young woman in Santa Monica and Playa del Rey. The young lady was given a handsome souvenir of the ship restaurant, "Cabrillo." On July 1 Miss Adams will christen the ocean café during the special exercises to be held.

**Stewart Will Recover.**

Unless unexpected complications arise, T. H. Stewart, the carpenter who was shot in an altercation with M. N. Weesner, in the Johnson building, Saturday morning, will recover. Stewart's condition improved at the California Hospital yesterday and late last night it was reported as favorable. Blood poisoning may result but unless it does he is expected to recover quickly.

**Too Much "Dago Red."**

A drinking bout at No. 719 Howard street in "Little Italy" last night was responsible for a fierce fight in which half a dozen Italians fought over the smiles of a woman. Ed Salpazzio and two brothers started the trouble, and they succeeded in cracking several heads before the police arrived. Joe Gianello was knocked senseless and sustained a badly battered head. Salpazzio was arrested, but his brothers escaped.

**Los Angeles Man Killed.**

Thomas Doak, the Sunset Telephone Company lineman who was killed in Oakland Saturday morning by coming in contact with a wire carrying 2000 volts of electricity, formerly lived at No. 740½ South San Pedro street, in this city, where his wife and daughter now reside. Doak was a member of a local lodge of Odd Fellows. He was formerly foreman for the Sunset Company at this point and only recently went to Oakland. The remains will be sent to this city for interment.

**Magic Defined.**

An audience which filled Blanchard Hall to the doors last night heard an interesting lecture on "Magic" by Dr. Alexander J. McIvor-Tyndall. The speaker told what relation superstition, not only now, but in the past, has had with what people designate as magic. He believed with an authority in defining the word thus: "Man may become, by the assistance and cooperation of spiritual power, and the capacity of his own higher divine origin, capable of a higher sphere of activity, giving him dominion over his own and surrounding nature."

**Incendiary.**

Strong evidence of incendiarism was found by the police yesterday in connection with the burning of the Chappell home, No. 1376 West Thirty-eighth street. The house was unoccupied and when the fire was discovered nothing concerning its origin could be learned. Yesterday Patrolman Harris found some evidence showing conclusively that a firebug had been at work and upon closer investigation he learned that two men were seen prowling about the premises a short time before the blaze was noticed. Detectives are at work on the case. The loss amounted to $650.

**Bulgin Meetings Begun.**

Dr. E. J. Bulgin, evangelist, began a series of meetings yesterday in the Newman Methodist Church, at Seventh and Towne streets. He preached both morning and evening to congregations that crowded the building, and twenty conversions were reported. Today his mammoth tent will arrive from Santa Barbara, where it has been in use by the State Christian Endeavor Convention. It will be raised on a lot at Fifth and Towne avenue, and the first service will be held in it on Wednesday evening. Tonight and tomorrow night Dr. Bulgin will speak in the Newman Church. The meetings will continue for two weeks or longer.

**President of "Lucky Tiger."**

B. F. Graham, president of the Lucky Tiger Mining Company, of Sonora, Mex., who is at the Hollenbeck, says that developments in what is supposed to be the project of the Southern Pacific to extend its line from Guaymas to Mazatlan, are watched by residents of that State with keen interest. "If they should build this line," says Mr. Graham, "it would open up a wonderfully rich country, and save for one or two bad places, it would not be a difficult piece of road." Mr. Graham has just returned from a trip to Ensenada where he looked over a mining property. His own property, however, is counted one of the best gold mines in Northern Sonora, the shipping ore running fom $200 to $250 per ton. He expects to leave today to return to his headquarters at Douglas, Ariz.

## BREVITIES.

The volume of "Liners" in the Sunday Times has become so great that it is found necessary to ask patrons to get their Sunday advertisements in earlier; especially Sunday real estate announcements, which in order to be printed must be in the office not later than 10 o'clock Saturday nights. The printing of all real estate matter, including advertisements, in a part by itself on Sundays involves somewhat slower press work, making it essential, in order to get the paper out on time, to stop receiving real estate ads at 10 o'clock Saturday nights. Dealers will confer a favor on The Times office if they will turn in Sunday copy on Fridays, when possible; or at least a part of it, and the balance early on Saturdays. Sunday "Want" ads will still be received by phone and over the counter until 11 o'clock Saturday nights.

The ladies' rest room on the top floor of the new wing of The Times' Building is open daily from 9 to 5. Ladies from town or country will find this a convenient place to write, rest or read. Stationery provided for correspondence. Both 'phones available. Take elevator in business office. All are welcome.

The French Restaurant du Casino is now open for after-theater parties. French cooking a la carte, all day and night. French dinner, wine and black coffee included, 50 cents. Family entrance, Casino Theater lobby, 346 South Spring.

Schell's Patent Adjustable Form for dressmaking, will move from 626 S. Broadway to 450 S. Hill street July 1.

## IMPERIAL.

GUESTS FROM COUNTY SEAT.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

IMPERIAL, June 25.—The San Diego Chamber of Commerce excursionists are today doing Imperial fully, the special bearing over one hundred business men and their wives from the City of Bay and Climate arrived in the valley at 9 o'clock last evening. Members of the Reception Committee met them at Imperial Junction and extended a warm welcome upon their arrival at the depot. The Imperial Band headed the procession, which marched up the street to the hall where, for a short hour, the visitors had the opportunity of meeting the citizens of Imperial.

Today was taken up with drives about the country and a trip by train to Calexico where a stop of a couple of hours was made to enable the party to cross over into Mexico and sample the native viands and cigars.

Tomorrow will be devoted to more drives about the country and a trip by rail to Holtville and Brawley. Brawley will entertain them with a cantaloupe feast.

While now only about 100 miles from home, as the crow flies, the excursionists in making this trip have had to travel 340 miles to get here and have passed through five different counties.

## VITAL RECORD: BIRTHS. DEATHS. MARRIAGES.

Some people may tell you that you can't take two seasons' wear from one pair of summer trousers.

But if the trousers are aided and abetted and reinforced by another pair of trousers—used as a "relay," you'll find that if both pair of trousers bear the Brauer-Krohn label, you'll get two seasons' wear out of each pair.

You can have Brauer-Krohn made-for-you trousers for as little as $5.

# FREE SCHOLARSHIP CONTEST HAS BEGUN.

## *Today Sixty Deserving Young People Embark Upon Their First Business Enterprise—An Important Event in Their Lives.*

THE Times scholarship contest begins today. For the first time in their lives sixty young people in Southern California and the Territories of the Southwest are writing receipts and counting out money. It is the beginning of their real careers.

Who can forget the first day, the first week, or the first month that he began to earn money? It is the important moment of every person's life!

To your dying day you will remember the first man or woman who encouraged you in your timid efforts. The first one hundred people you met imparted to you an influence for success or failure which has been with you through your whole life. It will be so today with the young students who are striving for the collegiate scholarships, and liberal cash prizes which The Times offers for vacation work.

Already a generous public has shown an interest in these young people who are striving for an education. This week the students will call on those who have shown an interest in their welfare, to enlist their coöperation and support for the ten weeks of the contest. Every regular and occasional reader of The Times, sooner or later, will want to take a hand in this struggle. For the benefit of those who are not experienced in these annual campaigns, the following information and directions are given:

CLIP THE COUPONS.

Beginning today and every day of the contest a coupon will be printed in The Times. This will count as one vote in favor of contestant whose name it bears.

Every reader of the paper should clip and save these coupons. If he has not already centered his interest on a deserving contestant, he cannot help but do so when he becomes acquainted with some of the promising young people who are listed in this enterprise.

To facilitate counting, the coupons should be trimmed of uniform size, and sent in packages of twenty-five, fifty or 100. Anybody can clip the coupons, mark them with the name of the pupil favored for a scholarship, and forward them to the scholarship manager, or direct to the student whom the subscriber wishes to favor. Some of the students will form routes, which they will cover once a week or oftener to collect the coupons.

Remittances of coupons should be made at least once a week by persons who have a considerable number to send in.

While a single coupon counts for but one point, enough of them can be collected to win a scholarship during the course of the campaign. One girl in the contest of 1903 scored a total of 18,234 points through coupons alone. Those who depend upon coupons solely, however, to pull them through are likely to get left. The coupons are made a feature of the contest merely to give everybody a chance to help a little in the contest. Those who want to help a whole lot can do so in a more substantial manner.

SUBSCRIPTIONS THE THING.

Subscriptions to The Times, if prepaid, are the things that count. Everybody wants to read a good daily newspaper in these days, and there is no better one printed on the Pacific Coast than the Los Angeles Times. It already has the largest circulation of any newspaper published in the Southwest, and it is desired to still further enlarge it. The girls and boys desirous of winning the scholarships and cash prizes which The Times is going to distribute at the close of this contest will do best to find people who are not already Times subscribers, and inducing them to become such, thereby earning for themselves the commissions which would otherwise be paid to professional solicitors.

For every new cash subscriber credit will be given in scholarship points, in porportion to the amount of the subscription. For instance, a new subscription to the Daily Times for one year, paid in advance, will entitle the contestant who secured it, or in whose favor it is given, to 1000 points in the scholarship score. A new subscription for six months, paid up, will secure a credit of 440 points; three months, 200 points; two months, 120 points; one month, 50 points.

"NEW" AND "OLD" COUNT.

It is the non-subscribers that The Times wants the scholarship candidates to round up chiefly, but regular subscribers, who want to assist may do so by paying for the paper as many months in advance as they feel inclined to do. The renewal of an old subscription will count for only half as many points, however, as a new subscription for the same length of time.

On account of the difference in credits allowed on new and old subscriptions, care must be taken to classify them correctly, as it is proposed to conduct the contest fairly. Those who get the most new subscribers will be entitled to the greatest reward, or first choice of the prizes, and this can only be guaranteed them by correctly classifying the subscriptions secured.

On the subscription blanks that will be furnished the contestants to work with a space will be left in which to designate whether the subscription is new or merely a renewal, by inserting the word "New" or "Old," as the case may be. The contestant should ascertain the truth of the matter as nearly as possible before classifying the subscription as "New" or "Old," but the route agent in charge of the district in which the paper is to be delivered, or the manager of circulation, will be the final judge as to whether a subscription is "New" or "Old." Every subscription will be carefully checked up to see that it is properly classified, before credit is given in the scholarship score.

MONEY AND RECEIPTS.

When the price of a subscription is paid to a contestant, he or she, will be held personally responsible for it until it is turned over to the subscription department of The Times. The contestant must give a personal receipt for the money until a regular Times receipt is issued for it and delivered.

Contestants should cash in at The Times office once a day if practicable, and orders for the paper for immediate delivery should be turned in as promptly as possible, so that the subscribers will not be disappointed.

On the reverse side of the subscription blanks a schedule of rates and scholarship credits is printed, showing at a glance how many points are allowed for a new or an old subscription, for any number of months from one up to twelve; also the number of points allowed on subscriptions to the Sunday Times and the Saturday (Weekly) Times. The Daily Times includes the Sunday edition, and the price is 75 cents a month, or $9 a year. The Sunday Times is $2.50 a year. The Saturday Times is $1.50 a year. These rates are never changed one way or the other.

RETURNS PUBLISHED DAILY.

Tomorrow the returns for the first day's work, so far as received, will be published. And thereafter the score will appear every day of the contest. The thirty-four contestants who are working at out-of-town points may not be heard from during the first two days of the contest, as their returns may be delayed in the mails.

SPIRITIST CAMP MEETING.

Spiritualists are thronging to Mineral Park this week. It is the Spiritualists' camp meeting season and there will be a regular orgy of "spooks, ghosts, spirits and hounts." Nearly all the tents have the sign: "Mrs. ——, reading and clairvoyance." Planchette is also there in great force.

Those who went there yesterday expecting to see wonderful phenomena and electrically aided displays must have been disappointed. It was a camp meeting like many others. Not a single well-known ghost could be seen and nobody got any messages telling them of hidden treasure.

Morning, afternoon and evening there were meetings. Speaking, singing and praying were included in the programmes. Harrison D. Barrett, president of the National Spiritual Association from Washington, D. C.; John W. Ring, "national superintendent of lyceum work" and other people known among the craft, but not to anybody else, were there.

All the usual things are for sale. The photo medium tent is there, as large as life and twice as natural. The tinkle of the music boxes can be heard as one passes the tents and the literature of the cult can be had—for the price. Even the very unspiritual ice cream was for sale yesterday and such trifling and unimportant things as food.

Several of the numbers on the programme yesterday were poems on Spiritualist subjects. "Messages" was the last number in yesterday evening's entertainment. John Smith was told that his cousin, William, to whom he had loaned $10 before his death, was well, happy and did not need the two V's under his present circumstances. But nothing more eventful than that took place all day. Doubtless the biggest spooks are held in reserve until things and people begin to get warmed up.
